

# CHICAGO CAR STRIKE IS OVER

Chicago, June 16.—The Chicago street car strike is over. It was settled by an agreement to arbitrate and by noon the familiar roar of the elevated trains and the rattle of the surface cars were heard again.

The appearance of the first street cars some hours after the elevated trains were running, was the occasion of a demonstration in the downtown districts. Windows of office buildings along the route were crowded with persons who cheered the visible evidence that the 48-hour strike was at an end. Other cars followed with increasing frequency and the drivers of vans and other vehicles which have been replacing a harvest in transporting the population began returning to their regular vocations.

The settlement, reached after an all night conference behind locked doors in the mayor's office, was attended by Mayor Thompson, the aldermanic mediation conference, the grievance committee of the unions and the presidents of the traction companies. The arbitration board will consist of a representative of each side with Mayor Thompson as the neutral member. The mayor generally was credited with ending the strike.

"It is practically without qualification," said the mayor when asked as to details of the agreement. "The other arbitrators have not yet been named."

The strike was remarkable in that no violence was traced to a striker, no arrests were necessary and for the good humor with which the public accepted it.

Chicago, June 16.—The strike of 14,000 street car men was called off shortly after 5 o'clock today. All points at issue will be settled by arbitration. Operation of cars on all lines was to be resumed as quickly as the striking men could be (Continued On Page Six)

## NINETEEN KILLED, SCORES ARE INJURED AS GERMAN AND FRENCH AIRMEN RAID CITIES

### ZEPHELINS SWEEP DOWN ON ENGLAND; WORST RAID OF WAR

London, June 16.—The latest air raid on the British coast was the most fatal of them all. Zeppelins flew over the north-east coast of England last night. This morning fifteen persons are dead from missiles thrown down by the flyers, and as many more are wounded. Never before has an air raid on England taken such toll in human life. This is the third air attack in a little over two weeks. May 31, was the date of the first attack on London, from the clouds, with four persons killed and on June 6 the east coast of England was the scene of attack with five fatalities.

In the eastern arena of fighting the Russian forces still are slowly but stubbornly retreating. The latest official report from Petro-

### GERHARD POSED AS RED CROSS WORKER, HERE TO BUY ARMS, SAYS RUMOR

Washington, June 16.—Published charges that Meyer Gerhard, for whom the United States arranged a safe conduct with the allies that he might return to Germany with a personal message from Count Von Bernstorff, the German ambassador, was in reality Dr. Alfred Meyer, chief of the supply department of the German army, who had been secretly in the United States buying munitions of war, are to be investigated by the state department.

Simultaneously, another version of the story—that Dr. Alfred Meyer while not passing as Meyer-Gerhard, has been in the country, and sailed with the latter for Christiania, Incognito, also will be looked into.

State department officials knew of the story today only from the published reports. They recalled, however, that at the personal request of Count Bernstorff, former Secretary Bryan asked, the British and French ambassadors for safe conduct for Dr. Anton Meyer-Gerhard, a representative of the German Red Cross, who was returning to Berlin to carry a personal message from the count after the latter's audience with President Wilson in the midst of the diplomatic negotiations with Germany.

Mr. Jusserand, the French ambassador, at the time inquired closely of Meyer-Gerhard's identity and state department officials recalled also that Sir Cecil Spring-Rice, the British ambassador, had suggested that there were evidences (Continued On Page Six)

### FRENCHMEN DROP 130 PROJECTILES ON KARLSRUHE BADEN

Karlsruhe, Baden, June 16.—(By wireless to London)—Nine persons were killed and 14 seriously wounded while many others were slightly injured during the attack made upon this city early yesterday morning by a fleet of French aeroplanes. The people remained calm but are incensed because of the attack upon the open town.

A French statement yesterday said the attack on Karlsruhe was made by twenty-three aeroplanes which dropped 130 projectiles, causing a large number of fires. It was stated a serious panic was observed at the railroad station.

Count Ernst Von Reventlow, the naval expert of the same paper, returns this morning to the attack upon Karlsruhe, Paul (Continued On Page Six)

### FOUND IN CINCINNATI; CONSENTS TO TESTIFY

New York, June 16.—Captain William M. Offley, chief of the secret service of the department of justice here, confirmed today the report of the disappearance of Heinz Hardenberg, who was to have testified before the federal grand jury which is investigating affidavits by Gustave Stahl, and presumably others, to the effect that the Lusitania had four guns mounted aboard the day before she sailed on her last trip.

Hardenberg was found by government agents in Cincinnati and consented to come here and testify before the grand jury. He was a friend of Gustave Stahl, who was arrested on a charge of perjury in swearing that he saw the guns aboard the Lusitania. While on his way here he stopped off at Washington and made a statement there denying statements made by Stahl.

He was then to have proceeded to this city. Mr. Offley said that Stahl's office last Monday had failed to appear and that his whereabouts have not been known to the secret service since he left Washington.

### CHAMPION CUTS WIFE AND SELF

Chicago, June 16.—Calvin Demarest, former national amateur billiard champion, attacked his wife with a razor today and then slashed his own throat. His mother, who attempted to restrain him, was cut in the hand. Husband and wife were taken to a hospital. Their condition appeared to the ambulance police to be serious.

### USE WATER AND WINE TO CHRISTEN ARIZONA

New York, June 16.—Both wine and water may be used to christen the \$15,000,000 super-dreadnought Arizona when she is launched at the New York navy yard next Saturday. Owing to the fact that Arizona is a dry state there had been some speculation as to whether the customary bottle of champagne would be broken on the Arizona's bow as she slid from the ways.

Governor Hunt of Arizona and the members of the launching committee are understood to be on their way here bringing for use on the christening a bottle of the first water that flowed over the famous Roosevelt dam in Arizona.

A message received from H. Laid, Governor Hunt's secretary, said: "Champagne will probably be used in christening the Arizona, although a bottle of water may also be used as a supplement if a request by certain members of the Arizona committee is accepted by the commandant of the navy yard."

### OHIO MAN ENDS LIFE WITH GUN

Elyria, O., June 16.—Henry Ardal, 67, Lorain county commissioner serving his second term, committed suicide in the garage at his home in Amherst last night by shooting himself through the head with his shot gun. His body was found today. He is survived by a widow and several children.

He was a prominent Republican politician. Recently he had experienced poor health and had been unable to sleep. He is supposed to have been temporarily deranged by his illness.

### U. S. Boat To Sail For Yaqui Valley

On Board U. S. S. Cruiser Colorado, San Diego, Calif., June 16.—Admiral Thomas B. Howard, on the flagship Colorado expects to sail from San Diego today for the Yaqui Valley, Sonora, Mexico, with an expeditionary force of 400 marines under the command of Major McKelvey, fully equipped with machine guns and artillery and prepared for eventualities. The cruisers Cleveland and New Orleans now at Guaymas, are prepared to take aboard refugees if necessary.

### Willis Leaves Soon For Western Trip

Columbus, June 16.—Governor Willis and party will leave next Tuesday for San Francisco and a tour of the Western states and will return July 19, according to announcement of the itinerary made today. In the party will be Mrs. Willis, adjutant general J. B. Hough and Mrs. Hough and John T. Burke, Cleveland newspaper man and Mrs. Burke. Only three days will be spent at San Francisco and the exposition, but several receptions are being arranged for the governor's visit there by the Ohio society in California and the exposition commissioners. Returning the party will spend five days in Yellowstone National park. The governor's departure from Ohio will be taken Tuesday at Mansfield, where he will go to make an address.

Mrs. W. O. Gambill, of Campbell avenue, is able to be out after a month's illness with rheumatism.

### JAPAN IS PROTESTING AGAIN

Tokio, June 16. (9:30 p. m.)—According to announcement made today by a Japanese news agency, Japan has sent a protest to China concerning the anti-Japanese movement in the republic.

**INJURED WOMAN DIES**

Cincinnati, June 16.—Mrs. Jennie Dryden, 34, who was found unconscious at her home early Monday morning suffering from a fractured skull, died late yesterday. The woman had been given her death blow with a length of gas pipe. At the time of the assault her three children lay asleep and knew nothing of the attack until after the police arrived. The police are trying to find the widow.

Mrs. Charles Morgan, of near Union church, Dogwood Ridge, is very low with tuberculosis.

### RUSSIAN GRAND DUKE HEART DISEASE VICTIM

Petrograd, June 16. (Via London)—Grand Duke Constantine, 57, president of the Imperial Academy of Sciences, and head of the department of military schools, died last night of heart disease. He was a member of the reigning family and his heir is Prince Jean Constantinovitch.

Grand Duke Constantine, who was a general of infantry, was one of the commanding figures in the Russian nobility. He had not been exempt from revolutionary plots for an attempt was made in 1907 to blow up at Orsk the train on which he was a passenger. He was severely arraigned with other Grand Dukes in 1907 for attempting to influence the actions of Duma.

The Grand Duke always was deeply interested in the sciences, art and literature. In 1909 he staged a play "The Bride of Moscow" before Emperor Nicholas and the Imperial family.

He married in 1894 Princess Elizabeth of Saxon-Altenburg.

### ITALIANS CHARGE ON GERISIA

Edine, Italy, June 16.—Italian troops are conducting with great vigor attacks upon the Austrian position at Gerisia.

It would appear that the Austrians propose to prevent the Italian advance toward Trieste. The Austrian trenches on this front are protected with steel armor and connected with underground passages. The men are able to fire from under cover and at the same time they are supported by artillery in the hills behind them.

Miss Rosa Jordan, of 1825 Jackson street, is very ill, threatened with fever.

### RECRUITS OF 1916 DRAFT SUMMONED

London, June 16.—A Central News dispatch from Amsterdam says reports received from Cologne state that the recruits of the 1916 draft who were ordered last week to prepare for service, will be summoned to the colors today instead of in October as had been proposed.

### ONLY 1,000 ENTER STATE CORN MEET

Columbus, June 16.—Only about 1,000 contestants had entered the state corn growing competitions today when the last hour for entrance had passed, compared with 2800 at the corresponding time last year. The final hour of filing applications for entering the contest expired officially last night, but a few received today were entered. "It was said the principle reason for the apparently slight interest is the fear that under the new board of agriculture, which will supplant the agricultural commission, the special excursion for boys and girls, winners of the county contests will not be run this year as usual."

"I ain't got much remarkin' 'I do on th' weather today 'cause I'm 'goin' out 'I see a ball game. Weather, war or nothin' else bothers me much when I get a case o' baseball fever on hand, and I've got a highly developed case right now. Here's th' dope for tomorrow when ALL th' fans are gonna turn out."

## Robt. Barry Observes Birthday Anniversary

Robert Barry, foreman of The Times composing room, was fifty years old Wednesday, June 16. He was warmly congratulated by his many friends. Mr. Barry is in the full vigor of life and expects to round out many more years of usefulness.

Mrs. William Clatter and Mrs. E. H. Mallott and baby, Katherine, of Columbus, arrived today for a visit with Mr. and Mrs. A. L. Reedy, of Thimons avenue.

A fine Children's Day program will be given at the Lucasville M. E. church on Sunday evening, June 20. An excellent program is being prepared. The committee in charge are Mrs. J. H. Appel and Mrs. Priestsmyer.

The good women of Section Three of the First Christian church are anticipating a large crowd and a good time at the home of Mr. and Mrs. G. Wash Williams, Rosemont Road, tomorrow afternoon and evening, when they, together with their friends, will hold a basket picnic. Every member of the church is most cordially invited to participate in this event. The only requisition will be a well-filled basket and a smiling face. The women of Section Three are especially solicitous that the affair be attended by all members of the church and friends, and hope to have fully 100 people present. Those who expect to go in the afternoon are to assemble at 1:30 o'clock, either at the home of Mrs. Ed Young, on Kinney's Lane, or Mrs. John R. Williams, 1208 Chillicothe street. Those who want to go in the evening will meet at the Williams home at 8 o'clock. Buses have been provided to transport the crowd, both coming and going.

Commenting upon the suit, the Star says that "Mooge" has gotten a lot from the Republican party and it fails to see why he should not pay his stock assessment. As "Mooge" didn't do it peacefully, it is apparent that he will have to do it by warlike methods, judging from the action taken Tuesday.

It is said that other Republicans who subscribed for stock and who failed to pay will also be sued. Similar suits have been filed in Squire Byron's court by the Star Publishing company against Louis M. Distel and Joseph S. Distel, asking \$100 judgment in each case. The Star company claims that they subscribed for that amount of stock and refuse to pay for it.

Mr. Henderson stated Wednesday morning that he would appeal his case to the court of common pleas.

Mr. and Mrs. O. B. Smith have returned home from Cincinnati, making the trip in Mr. Smith's new Metz touring car which he purchased while there.

Misses Alberta and Marie Reynolds, of Unity, Ky., are the guests of Mr. and Mrs. Earl B. Simpson of 1748 Twelfth street.

Mr. and Mrs. Jeff Woods, of Quincy, Ky., were in the city shopping Wednesday.

Mrs. John Pirrung, of Sixth street, is visiting relatives and friends in Montgomery, W. Va.

Miss Sadie McAfee, accomplished daughter of Rev. and Mrs. T. H. McAfee left Wednesday afternoon for Athens, where on Thursday evening she will graduate with honors from the Ohio University, where in February she completed her course in the normal department. At the conclusion of the exercises, Miss McAfee will be presented with an elementary teacher's certificate for life, a signal honor, but one that will be worthily bestowed. Miss McAfee holds a diploma from the Temple University of Pennsylvania, and is the holder of a life certificate in kindergarten work. For the past several months she has been a teacher in the public schools, and has shown wonderful qualifications. She is held in the highest esteem by her pupils at the Highland school building, and is a most estimable young woman.

The Day Nursery Committee feel very grateful to Mrs. John Hottelmann who sent a check for ten dollars. Mr. D. A. Alsop has donated a gas range and another child's bed. Any one having any house furnishings to donate please notify Mrs. Geo. Small. Anything appropriate for the nursery will be thankfully received.

Mr. George Burns and Mr. Vance Bauer of Minn's Run recently visited relatives and friends in Wait's Station.

F. E. Duda, of Fourth street, came home last night from Delaware where he went to attend the commencement of O. W. U. where Mr. Duda was graduated thirty years ago.

He was but twenty years of age the youngest pupil of his class but has never before attended the commencement exercises since his graduation.

Misses Augusta and Helen Haldeman came home last night from Cleveland.

Miss Ruby Ayres, who will soon move to Bluefield, W. Va., was given a surprise handkerchief shower at the home of Miss Josephine McNamee, on Seventeenth street. Mrs. J. C. Mercer assisted in serving refreshments. The guests were Misses Olga Deminick, Ruth Atlas, Cecelia Hurlbert, Elizabeth Ayers, Mildred Byron, Adeline Bodmer, Thelma Kidd, Laura Donaldson, Norma Bodmer, Mabel Bodmer, Nora Warden, Clara Schwable.

Mrs. Maurice Strayer will entertain next Wednesday afternoon in honor of Miss Helen Rice, niece of Mr. Howard McCoy.

Mrs. Maurice Strayer gave a pretty party this afternoon honoring her guest, Miss Clyde Miller, of Greenville, Miss. The rooms were profusely decorated with beautiful roses. The party was also given in celebration of the first wedding anniversary of Mr. and Mrs. Strayer. The afternoon was spent in art needlework, after which dainty refreshments were served. Miss Helen Rice assisted in the serving. The guests included Misses Helen Rice, Vinnie Dawson, Mary Carls, Florence Ives, Addie Spencer, Amelia Wilhelms, Mary Davidson, Mary Noller, Mattie Byron, Lydia Appel, Miriam Haas, Ethel Doerr, Madeline Russell Becker, R. Professor Metzler is principal of the State Normal school in Aberdeen, where he teaches summer school, beginning the middle of July. Mrs. Metzler (Geneva Adams) will remain here for a two months' visit among her relatives.

## The Movies

Mutual Masterpiece, "The Quest" Greets Columbia Patrons Tonight

Patrons of the Columbia are in for a rare treat in pictures at this popular play house this evening, when "The Quest", a Mutual masterpiece in five parts will be presented.

This is said to be one of the truly great pictures of the year, and the story from which the picture is taken has been running in "The Saturday Evening Post" through the past several weeks.

One of the many interesting and exciting scenes in this great picture is the actual sinking of a real steamship off the coast of California, and the company selected from the stars of the Mutual Film Corporation include such well known artists as Marguerita Fischer, Harry Pollard, Robin Adair and several others.

Don't overlook "The Quest" at the Columbia tonight.

For tomorrow, Manager Tynes announces those two sterling favorites in Portsmouth, Earl Williams and Anita Stewart in a special one reel Vitaphone feature entitled "The Sort of a Girl That Came From Heaven," a picture that enjoyed an unusual run at the Vitaphone theatre in New York, something unusual for single reel subjects.

In addition to this picture, a very interesting two reel Lubin picture entitled "Her Father's Picture" will be shown featuring Velma Whitman.

"Princess Romanoff" Is Feature At New Sun

Nance O'Neal with her vital personality and compelling magnetism is beyond question America's most eminent actress. She has been proclaimed as such by no less a master of stage craft than David Belasco, in whose drama, "The Lily," she electrified New York audiences into perfect stuns of enthusiasm. She now appears in the magnificent William Fox feature, "Princess Romanoff," at the New Sun theatre today and tomorrow. The story is based on "Victorian Sardaus" immortal "Fedora." All over the world, far she has played by popular demand in every civilized country on earth. Miss O'Neal's marvelous rendition of "Fedora" is known and acclaimed. You will miss a rare picture treat if you miss this wonderful picture.

For Friday and Saturday, William Farnum, late star of the musical photoplay, "The Spoilers," will be shown in Henry Gay Carleton's great drama, "The Gilded Fool." Many have read the book and know the story and you all know William Farnum. Nuf' sed.

Three Reel Feature At Arcana Tonight

What Manager Polls claims to be one of the greatest romantic dramas ever exhibited in Portsmouth will be shown at the Arcana theatre this evening. It is a three reel drama, entitled "Marvis of the Glen," featuring Robert Leonard and Ella Hall. It is a story right next to nature's heart and is bound to please in every particular. Miss Hall as "The Wild Rose of the Glen," does some clever acting and the emotion drama played proves that she is one of the real stars of the movie world. The second feature will be a comedy entitled "The Battle of Nations," a four reel picture, the smallest price of 5 cents. It is no wonder that the Arcana is growing in popularity by leaps and bounds. The show tonight is an extraordinary one and you really cannot afford to miss it.

At The Exhibit

There is an exceptionally big show being offered at the Exhibit tonight. Renfax musical motion pictures is one of the features. "Let's All Go Around to Mary Ann's" is one of the musical numbers while "Do They Love" is another.

"The Greater Strength" is a two reel drama feature that is an exceptionally good one. "Miss Fatty's Sensible Lovers," featuring Fatty Arbuckle, is another feature. It is a Keystone comedy.

Tomorrow Charlie Chaplin will be at the Exhibit again in a first run picture.

At The Scenic

Tonight's feature at the Scenic is the Biograph two-part drama entitled "Money." It is an adaptation of the great play of the same name in which Alan Hale and in bound to please in every particular. Miss Hall as "The Wild Rose of the Glen," does some clever acting and the emotion drama played proves that she is one of the real stars of the movie world. The second feature will be a comedy story of how a little girl, who has

## HELLUP! MOOGE RENIGS, HE IS SUED FOR STOCK

L. H. Henderson was sued by The Star Publishing Company, publishers of the Morning Star, in Squire Byron's court, Tuesday, for \$100, alleged to be due upon a subscription of \$100 to the stock of that paper. Henderson refused to pay the money. Evidence was offered by Henry Clime, who solicited the stock, that Henderson subscribed for one share and later when he was approached and asked to increase his subscription, said that a mistake had been made, that he had intended to subscribe for ten shares. Accordingly, he was entered for ten. When time came for "Mooge" to walk up to the Captain's office and settle, it is charged that he reneged, refused, failed to come across, prayers and pleadings being in vain, the suit was brought. Judgment was given against Henderson by Squire Byron for \$100 and costs. "Mooge" still does not intend to pay that hundred and it is stated that he will carry the case to the higher courts.

## Five Drownings

The treacherous Scioto's toll for the season is by Wednesday's accidental drowning brought up to five. The first victims of the season were Marion Timberlake, Albert Hoover and Edward Cover, three runaway boys from the county children's home, whose dead bodies were found in a recently swollen slough near the Chemical plant.

A few days later the body of Any Verugo, a foreigner who escaped from Hempstead hospital, while crazed by fever, was found floating near shore at a point on the Bob Richardson farm. All five drownings have occurred within the past ten days.

## Road Case

Prosecuting Attorney Micklewait, representing A. Skinner, one of the petitioners for a new road in Washington township, filed a motion in probate court this morning to dismiss the appeal from the final decision of the township trustees as to amount awarded for compensation and damages on account of the location and establishment of the road petitioned for. Objectors to the road entered an appeal.

## Chas. V. Wertz Buys Fullerton Property

An important real estate deal, involving the J. B. Fullerton place, comprising 22 acres located at Wheelersburg, was practically closed Wednesday and the new owner of this valuable strip of ground will be Charles V. Wertz, of this city. The Lick Run Pike is in the rear of the property and the Wheelersburg High school is on the other side of it. The consideration is about \$15,000.

## Fractures An Arm

Mrs. Christina Smith of Circleville, who formerly lived in Portsmouth suffered the fracture of an arm and her shoulder was dislocated in a fall down a flight of stairs in her home Tuesday. Mrs. Smith was engaged in cleaning house when the accident occurred. She was brought to the Hempstead hospital Wednesday.

## RETAIL CLERKS ELECT OFFICERS

At a well attended meeting of the Retail Clerks Union No. 1190 held Tuesday evening the following officers were re-elected: Henry Ihl, president; Mrs. H. C. Smith, first vice president; Miss Wilda Bowser, second vice president; Wm. Hyland, guide; Charles Donahoe, guardian; H. D. Smith, recording secretary. The trustees are: John Muesie, Morgan Rowland and Charles Howe. One candidate, Paul Thompson was elected to membership.

## PLAYS TAG WITH VEHICLES AND IS CAUGHT BY WAGON

Ralph Downing, aged 11, of Sixth street, was thrown from his wheel while riding on Gallia street near Gay Tuesday evening and suffered a cut over the left eye. He dodged an automobile, but his wheel hit a wagon the other side of the machine and he was thrown headlong to the street.

## First Presbyterian Picnic On Friday

The Bible school of the First Presbyterian church will hold its annual picnic at Millbrook park all day Friday, June 18th.

Special cars will take the crowd leaving Second and Court streets at 8:30 o'clock. The cars will stop at all regular stops to pick up any along the route.

In the morning a ball game will be played between the Athletics and Tigers of the Scout League, and other games enjoyed. A big dinner will be served at noon.

After dinner the usual races and games will be pulled off, including events for all ages and sizes. These will close in time for any who wish to attend the ball game between Portsmouth and Charleston. By special arrangement all boys and girls will be admitted free. A special rate for others.

Other amusements will be provided. Returning cars will leave the park at 5:30.

## BIRTHS

A son was born Tuesday evening to Mr. and Mrs. James Walker of Robinson avenue. Mr. Walker is a shoemaker.

A son was born Tuesday to Mr. and Mrs. Charles Barton of Chillicothe. Mr. Barton formerly resided here and was employed as an X. & W. fireman.

## DO IT NOW

Work has been started Monday repainting the Vincent block at the southeast corner of Second and Court streets.

Mrs. William Reed's property on Second street, occupied by H. B. Maupin and family, is being repainted.

An 8 1-2 pound boy arrived at the home of Mr. and Mrs. Oakley Spriggs, of Jackson street, several days ago.

## Crabtree Is Fined

The River City Lumber company of this city has been awarded the contract for making the necessary repairs to the Play House building corner Sixth and Chillicothe streets, to conform to the plans and specifications drawn by Richard M. Bates, Jr., architect, to meet the needs and requirements of the local lodge of Elks.

Arthur Crabtree, of Lucasville, was arrested on a drunk and disorderly charge in that village late Tuesday afternoon by Constable Schoonover, and brought before Squire Hyman in this city to be tried. He pleaded guilty and was fined \$1 and costs, which he paid and was released. Crabtree, it is claimed, loaded up on whisky and proceeded to start trouble with every one he met.

## FRENCH TORPEDO BOAT SINKS AFTER CRASH

Cherbourg, June 15.—(Via Paris, June 16).—The French torpedo boat number 331 sank today after a collision with the British steamer Arlen. Six of the warship's crew were drowned. The others were rescued by torpedo boat No. 397.

## COST OF LIVING IS HIGHER THAN EVER

Washington, June 16.—Retail prices—the cost of living is higher than ever before in the United States as far as government statistics show and is increasing each year.

These figures represent prices of fifteen articles aggregating approximately two-thirds of the expenditure for food by the average workingman's family. The cost of these articles in 1913 was \$333.90, while in 1914 it was \$340.58, while in 1915 it was \$380.15. Calculating these amounts as two-thirds of the workingman's family food expenditure, the total spent for food in these years would be in 1913 \$500.85, 1914 \$510.87 and 1915 \$570.23. The bureau's investigation covered prices in forty-four important industrial cities, representing 33 states.

The retail price of food for the years 1907 to 1914—considering all food combined reached the highest point in 1914, while the lowest price was 1907, the bureau of labor statistics announced today following an inquiry in forty-four important industrial cities of the country. This, however, is not true of each article. Flour, for instance, was 5.3 per cent higher in 1909 than in 1914. Sugar, which reached a remarkably high point in August, 1914, was 7.9 per cent lower for the year 1914 than for the year 1911 and was also lower for the year 1914 than for the years 1910 and 1912. All meats were higher in 1914 than in any of the seven preceding years.

## VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podosphyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santalol Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clear out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santalol Remedies Co., 302 Madison Ave., Covington, Ky.

## The Coffee Drug

Do you  
know  
what  
it is?

It's caffeine—a poisonous and powerful nerve irritant—about 2½ grains to the cup of coffee.

Listen to what physicians say:

"Coffee and tea are poisonous drugs. The caffeine they contain is of the same nature as uric acid. They impair digestion and produce various disorders of the nerves."

If you haven't suspected coffee as the cause of headaches, biliousness, heart-flutter or sleeplessness, suppose you test the matter by a change to the pure food-drink, **INSTANT POSTUM**.

There's no caffeine nor any harmful substance in this delicious beverage—just the nourishing elements of wheat, roasted with a bit of wholesome molasses—with a snappy flavor similar to that of mild, high-grade Java.

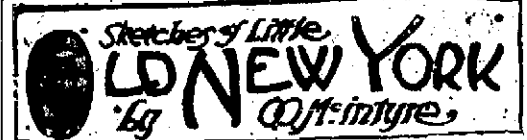

The sure, easy way out of coffee troubles is to shift to

## INSTANT POSTUM

"There's a Reason"

"A large per centage of cases of headache, nervousness, sleeplessness and indigestion can be traced directly to coffee."

New York, June 16.—The cabaret is doomed! It will soon drop out of the night life of the Wide White Alley. Few restaurants or cafe proprietors will value their cabaret side shows highly enough to pay the regular \$500 theatrical license which will be asked by all who give them.

As far as the public is concerned the change will cause no acute suffering. People have had a surfeit of noise with meals. The whole country, city and town, has had all the fun there is to be had with the cabaret. Familiarity has settled it.

Orchestra and dancing will no doubt continue to be a regular part of luncheon, tea and dinner. But even in this lively town of restaurant patrons, who demand glitter and dash very few tears will be shed over the stage being banished from the dining room.

The Divine Afflatus whiffed a certain song writer in New York to begin an Ode to a Certain Party high up in the theatrical world, a film star, if you please. The popularity of a motion picture serial combined with his admiration for the star brought out the song called "Elaine" My Moving Picture Queen.

The song writer got out the piece purely as a compliment—but there was another angle to the compliment. It seems that the song was so thoroughly tawdry that it has developed into one of the song hits of the season—being sung up and down Broadway. Thus the author makes a tidy little fortune in an unexpected manner.

Over at the Bronx Zoo the other day a monkey was given some whiskey as a stimulant. The drink went immediately to the animal's head and it carried on the such high jinks that the keepers were forced to lock it up in a cell by itself.

Headkeeper Bill Snyder is very much perplexed over the incident. He wonders what the alcoholic monkey would see if it has the delirium tremens—blue and green men scampering about?

The revival of the racing season at Belmont has brought the old time race track crowds to Broadway. The red-necked, striped-shirted, and noisy suited boys who ask to see your program or borrow a pencil are back with us and one wonders where they were in the interim when racing was dead.

"No one ever heard of a race track tout going to a poor house," said a famous Broadway sportsman. Somehow they come through all vicissitudes smiling, and how much one abhors their horrendous calling, it cannot be said that they are not about the most cheerful of all specimens of mankind.

One of the new race track yarns concerns a negro roustabout who asked a man in New Orleans where the next meeting was to be held and was told Toronto.

"Is it far?" was the reply, and the negro jumped into a boat and started to row up stream. When about four miles away an acquaintance on the bank yelled: "Hello, Jasper, old boy." Jasper immediately turned into the shore, musing to himself: "Ah, wonder who knows me in Toronto?"

Ray L. McCordell, the humorist, has won another prize. This time it was for \$10,000 and followed his entrance into a contest for a moving picture scenario. McCordell rang the bell with one animal's head and it carried on the such high jinks that the keepers were forced to lock it up in a cell by itself.

If I had known in the morning how weary all the day  
The words unkind would trouble my mind  
That I said when you went away  
I had been more careful, darling,  
Nor given you needless pain;  
But—we vex our own with look and tone  
We might never take back again.

For though in the quiet evening  
You may give me the kiss of peace,  
Yet it well might be that never  
The pain of the heart would cease!  
How many come forth in the morning  
Who never go home at night,  
And hearts have been broken for harsh words spoken  
That sorrow can never set right.

We have careful thought for the stranger  
And smiles for the sometime guest,  
But oft for our own the bitter tone,  
Though we love our own the best.  
Ah, lip with the curve impatient,  
Ah, brow with the shade of scorn,  
'Twere cruel fate were the night too late  
To undo the work of morn.

"Oh, save my hair!" she yelled. "Save my hair!"  
"Pardon me, lady," says Tim. "I'm a life saver, not a hair restorer."

### THE POOR PLANTER.

There has been some mighty lugubrious talk among the G. O. P. organs of this section over the devastation of the fair sugar plantations of Hawaii and the ruin of planters in that fair land by the devastating effect of Democratic free trade.

Representative Ralph Y. Thomas, in this very connection, is submitting some most absorbing revelations concerning the junketing trip that he with other congressmen and a bunch of senators took over to the island a few months ago. He said he supposed when he agreed to go on the trip that it was a quasi public affair of the islanders, who wished congress to get an idea of the defenses and harbor improvements required for the better protection and prosperity of the possessions. He was not long arrived, however, before he "tumbled" to the interests providing the trip, which were nothing else than the planters. It was the old game of winning and dining on their part in an effort to secure legislative favors. The claims of rack and desolation of the great sugar growing industry, he maintains is mush and myth. Gathering statistics in an incidental way from them, while they were, as they thought ever so adroitly presenting their claims, he found the average profit to an acre of sugar was \$140. This he reckons a reasonable fair return, especially as any farmer in the states would consider himself blessed of the gods to get a return of \$25 per acre for his average crop, and he vows he will never vote to put tariff on sugar, unless it might be deemed necessary as a war measure.

We know now the how and why of all this ruin. The Kaiser is to blame. A man who was in our office Tuesday, being rational and in his sound mind, said solemnly that the Kaiser started this war in Europe, that the continuous bombardment of thousands and thousands of guns by the contending armies created a great atmospheric disturbance which extended over the seas to America and thereupon the rains descended and would continue to descend until the war was over. Hence when it rains, blame the Kaiser. Satisfactory explanation, is it not?

Our ball team is going fine. It is putting up a genuine, heady game and those who love the sport will find real enjoyment in witnessing the contests. Yet anyway there is a falling off in gate receipts and an apparent lack of interest locally. This should not be. Help the team and help the town by taking in the games. But whether you go or do not go, our team will keep on hanging the Indian sign on Chillicothe and Tronton.

Editor Times:—How comes it that you let such a momentous and history making event as George Keller getting a political job pass by without reference? Explain.—Excellent Worker.

Thanks, friend, for mentioning the subject. Far be it from us to overlook anything in this garden spot that adds to the happiness of even one citizen and the dear Lord knows George is happy over his new job, no his new job. He has longed for it, he has lived in anticipation of it. And he has deserved it, for no one has fought, bled, insured, and begged harder in the cause of the dear old party than has George. As a crowning stroke of diplomacy he even bought three tickets to the get-together feed and he applauded so loudly every time the Guv was looking his way that he attracted the approving attention of that great man.

But then George is a good fellow. He will measure the oil and draw the salary as well as any other man could do it down in these parts and we are glad that he got a front seat under the plum tree. We wouldn't mind if his plum was a wee bit juicier.

May be the dove of peace doesn't know anything about rocking the boat, but still she is having a hard time in finding a steady and still place to alight.

Italy is going to give more color to the war by issuing a "Green" book telling why she did it. At that we can't say it adds much to the color scheme of the claims made.

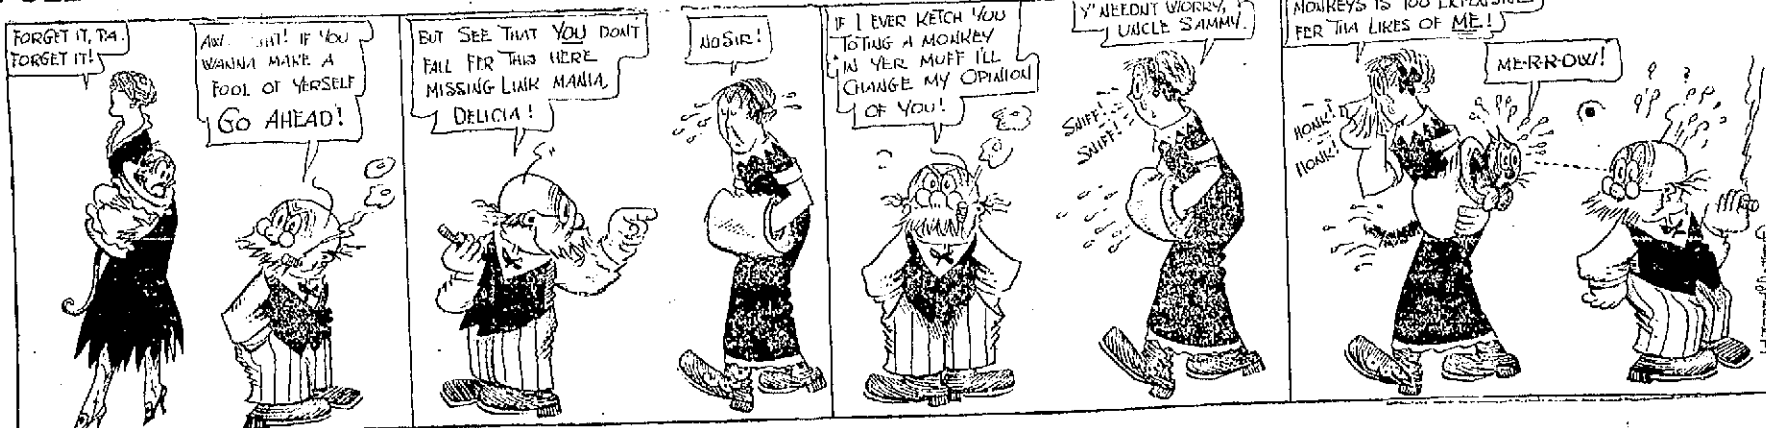

It is "the consensus of opinion" that Roosevelt is about ready to let the Republican party return to him.

It isn't a long guess from those affidavits in the Lusitania case that Germany is maintaining an extensive spy system in this country also.

### REPAIR THE PIKE.

The washing out of the temporary bridge over the Scioto river Wednesday morning practically shuts Portsmouth off from the West Side and from the north as the temporary roadway around the paving on the Chillicothe pike is almost impassable for either horses or machines.

In this condition of affairs the board of trade should act and act promptly in an effort to have the Chillicothe pike roadway improved so that people can come and go to do their trading in Portsmouth. Whatever money is necessary to improve the pike temporary roadway should be spent by the county commissioners and spent at once. We trust that the commissioners will rise to the emergency and that they will not hesitate to do their plain duty.

### WATCH FOR THIS STORY.

Beginning next Saturday The Times will run a serial story by Gouverneur Morris, entitled "The Goddess". It is clever and interesting and we hope that our readers will fully enjoy it. Our plan is to run six or seven columns of the story each Saturday. The story has been dramatized and is being presented in picture form by one of the leading film concerns in the country. By special arrangement the films for the story have been secured by Manager Mack, of the Lyria Theatre of this city, and will be presented at that popular moving picture house.

The story will appear in The Times on Saturday evening and the Lyria will run the picture illustrating the installment on the following Monday evening. Read the story and then see the tale in pictured form.

Glad we do not live in West Virginia. That decision of the Supreme Court hanging a little matter of \$12,000,000 onto West Virginia as its share of the old time before separation debt of the state of Virginia, is going to cost each citizen of West Virginia \$10 which must be levied directly out of each citizen's pocket book. In this trying hour it is a pleasure to note that the Huntington Herald-Dispatch with its all-things in Huntington are just as Huntington would have them attitude, says that "Huntington, so far as observation taught last night, viewed the situation with commendable complacency."

The clothier observed that May did not give the palm beach suit a show for its white alley and so far June has done even worse.

The sun is rising just beyond the hills. Brisk times are unfolding among all the eastern states and it will spread.

Another of the things we cannot understand is why the small army of newshoys who sell this interesting publication on the street will call out all about murders, battles, robberies, strikes and other sensational events and yet never shout a word about the brilliant literary efforts that adorn the third page of the Noon edition and the Fourth page of the last edition.

The embittered Bluefield Telegraph expresses the opinion that the day will come when the Maryland people, who saved up \$12 to get married on, will look back with regret to such opulence.

As yet no Washington correspondent has informed the bibulous outside world whether the acting secretary of state will also nominate it grape juice or something stronger.

If you wish to be real charitable you might say Mr. Bryan did it because he had a reputation to live up to—made on the chautauqua circuit at \$250 per and fifty-fifty above.

James Ball Naylor, romanticist, doctor, sage and philosopher, advances the thought that the best evening ties are those that keep a man at home o' nights.

We'll all vote with the Anaconda Standard, that William H. Taft continues to make conspicuously good as the ablest, wisest and most popular ex-president ever elected to private life.

## The Markets

### NEW YORK STOCKS

New York, June 16.—The irregular movement which characterized yesterday's stock market was continued at today's opening. United States Steel and Reading recorded its initial fractional advance but other issues, including coppers were lower. Amalgamated declined 3/4 on an offering of 1,400 shares.

War shares and allied stocks notably Bethlehem Steel, Goodrich and Federal Mining common and preferred rounded 1 to 6 points. Reading soon lost its gain and some of the specialties made fractional recoveries, after which the market lapsed into dullness.

Prices made general improvement in the course of the first hour, with dealings in diminishing volume. Gains were again limited to minor specialties like United States Alcohol, Cuban sugar, Continental Can and Allis-Chalmers, preferred, these advancing 1/2 to 5 points on obvious manipulation. Chesapeake and Ohio rose a point in connection with reports that the existing dividend may be maintained and Canadian Pacific staided in the absence of foreign pressure. Steel held better than other leaders, most of which were inclined to drop. Bethlehem steel convertible 5's were the feature of the firm bond market.

of export business, however, acted somewhat as a check on the bulls. Opening prices which ranged from 1/2 to 3/4 up, were followed by a rise to more than 2 cents above last night's level all around.

Wet weather with prospects of more gave strength to corn. The advance in wheat helped to bring about a decided upturn. After opening 1/4 to 3/4 higher, the market continued to ascend.

Oats took the same course as other grain. Active demand from the seaboard emphasized bullish sentiment.

Higher prices for hogs sent provisions up grade. Pork led the advance.

Opinions that the winter wheat harvest taken as a whole would be a week later than usual and that the Hessian fly damage was becoming more apparent brought about further gains, but a reaction took place as a result of notices that chartered had been made for 40,000,000 bushels from North Russia to France. The close, nevertheless, was strong, 1 1/2 to 2 1/2 above last night.

Afterward, the smallness of country offerings prevented any important setback in corn. The close was firm 1 1/2 to 2 and 2 1/2 net higher.

## Kitchen Cabinet Sale At Steinkamp's

Any one who has gotten the idea that business is slow should spend a little time at the Steinkamp store on Second street, and you would soon decide that somebody made a mistake. This store is just now running a special McDougall Kitchen Cabinet Club Sale, and the way they are hauling out McDougall Cabinets is good to see. Two wagons were kept busy yesterday with McDougall and other deliveries, and at noon the store was just as busy as the day before.

In the east window of the main store you will see a unique display of the famous McDougall Cabinets. In the background is a McDougall all opened up and filled with appropriate kitchen supplies. Standing in the foreground is a life-sized figure of the housewife explaining to her mother, another life-sized figure, the peculiar merits and advantages of her new McDougall Kitchen Cabinet. The display is attracting much favorable comment, but best of all, it is backing up the Steinkamp advertisements and selling large number of cabinets.

## M'GUGIN LAND SOLD

## Centennial Pageant Is Held At Athens

Athens, Ohio, June 16.—Within a stone's throw of the famous old beech tree beneath which Thomas Edison and John Hunter received their diplomas from the Ohio University in 1815, the centennial pageant was held today, and the alumni gateway, donated by nearly 1,000 alumni and former students of the University was dedicated.

## TO DISCUSS FORMATION OF LEAGUE OF PEACE

Philadelphia, June 16.—Plans for the formation of a league of peace, which would bind the nations of the world in a pact of amity, will be discussed by distinguished men of this country at a banquet here tonight. Other sessions of the conference will be held tomorrow in Independence hall.

Among those who will speak at the banquet are former President Taft, Hamilton Holt, editor of the Independence, former United States Judge George Gray of Delaware, a member of The Hague court, a former ambassador to Turkey and a member of The Hague court, and President Lowell of Harvard University. Mayor Blankenburg, of Philadelphia, will preside.

Prominent men in many walks of life, who have found it impossible to attend the conference, have written the provisional committee expressing sympathy with the movement. Among these are Cardinal Gibbons, U. S. Senator John Sharp Williams, of Mississippi, and Nathan Straus, of New York.

### HASTINGS APPOINTED

Columbus, June 16.—(I. L. Hastings, of Caldwell, Noble county, Republican, was appointed chief clerk in the state highway department today by Highway Commissioner Clinton Cowen to succeed J. H. Tilton, of Columbus. The salary is \$2,000.

## CHICAGO STRIVE IS OVER

(Continued From Page One)

notified. The end of the strike, which has tied up electric transportation for two days, came with the selection of Mayor William Hale Thompson as the third member of a board of arbitration.

The officials will select an arbitrator by Saturday, it was announced. W. D. Mahon, international president of the street carmen's union, probably will be named to represent the men.

The selection of Mayor Thompson came at the end of a fifteen-hour conference which began yesterday afternoon. Union leaders, officials of the traction line and members of the mayor's administrative strike committee were in attendance.

Threatened break-ups were prevented after both leaders and traction officials announced they could reach no agreement when Mayor Thompson invited the conferees to take off their coats. The mayor then locked the doors of his office. He told the men that he'd keep them there until a solution of the situation was reached.

The mayor took a gold horse-shoe from his desk and hung it over his desk clock.

"That was given to me for good luck," he said, "so I'm going to wish that it will bring good luck to this conference."

After a heated discussion on the question of selecting a third arbitrator, Leonard Busby, president of the Chicago surface lines, mentioned the name of Mayor Thompson. Names of scores of prominent men previously suggested had been thrown into the discard.

The committee representing the street car men, headed by W. D. Mahon, refused to consider the proposal of accepting Mayor Thompson. Within 15 minutes they returned.

"We'll take them," was the simple announcement that electrified the weary group of men. Hand-clapping and cheering echoed through corridors of the city hall.

Mayor Thompson unlocked the doors of his office. The labor leaders put on their coats and marched out, their faces wreathed in smiles. "Wait a minute," called the mayor.

"I want to tell you men how much I appreciate what you have done," he said. "I will accept the responsibility and know that it will be hard. I will do the best I can and see that a square deal is given all around."

calmness and poise which their importance demands. No wonder every neutral nation is increasingly anxious for the war to end, but of all the neutral nations ours has the most reason to pray for the return of peace—most reason to set its face resolutely against participation in this war. This nation, the head of the neutral group and the sincere friend of all the belligerents is in duty bound to set an example in patience and self-restraint.

"In all history no such opportunity has ever come to any other nation as that which is destined to come to the United States. In all history no other peace maker has been in position to claim as rich a blessing as that which will be pronounced upon our prayer when the time for mediation comes—as come it must."

Introducing his statement Mr. Bryan graphically describes the horrors and afflictions of the war and says:

"Cannot Be Indifferent."

"Neutral nations cannot look on with indifference—the ties that bind them together are too strong, the relationship too intimate. This is especially true of the United States. We have a composite population—every nation in Europe having contributed liberally to our citizenship. These, our countrymen, themselves born abroad, or immediately descended from foreign born ancestors, cannot but take a lively interest in the conduct as well as the results of war."

Aside from sentimental considerations, Mr. Bryan asserts, neutral nations suffer serious disturbance because of the war.

"Nearly every neutral nation finds new domestic problems thrust upon it and old problems made more difficult," the statement declares. "No American citizen cannot without deep concern view the manner in which the war questions have intruded themselves into our politics—overshadowing economic issues, and stimulating agitation in favor of enlarged appropriations for military and naval purposes."

Constantly In Danger.

At some length Mr. Bryan refers to interruptions to neutral commerce, divergence of business and consequent readjustments and speaks of the scarcity of American ships as one of the greatest embarrassments to the United States.

"The neutral nations are put to a great expense to preserve neutrality and are constantly in danger of being embroiled in the war without intention or fault on their own part," he declared. "The evils of international laws seems to have been made for nations at war, rather than those at peace. It is almost impossible to alter these rules. Just as soon as peace returns there will be a demand for an international conference on the subject. If nations are determined to fight, they should, as far as possible, bear the burden themselves, and not be permitted to transfer it to the nations which avoid war by resorting to reason instead of force."

Sessions of the board of arbitration probably will begin early next week, it was announced. The plan decided upon stipulates that all questions at issue will be heard without any advance concessions having been made.

Announcement of a settlement came too late to start the cars for the rush hours early today, and the great armies of workers were obliged again to depend on the thousands of motor buses, moving trucks, ice wagons and railroad suburban trains for transportation. Officials of the traction systems telegraphed to eastern labor agencies not to employ any more men as strikebreakers. Six thousand men already had been started here, it was said. Sixteen hundred strike-breakers arrived last night and were placed under guard in lodging houses and terminals of the company.

Kent, Ohio, June 16.—A train load of 500 strikebreakers on the Erie railroad bound from New York to Chicago for service in the traction tie up was turned back at Sterling, Ohio, this afternoon. When the train passed through Kent bound west the strikebreakers made a rush on the restaurant at the depot here but were driven off by H. C. Bailey, the proprietor with a butcher knife.

Little news comes to London from the Dardanelles, with the exception of official information that Turkish forces are showing a weakening.

On the western front, the fighting during the past 24 hours has been indecisive. According to Paris the most important activity has been confined to the artillery, but a wireless dispatch from Berlin relates the complete failure of a violent French infantry attack to the north of Arras.

Germany is showing considerable bitterness, judging from dispatches reaching London over the air and yesterday on the city of Karlsruhe. The press is demanding retaliation. On the other hand, Paris reports officially that this raid was a reprisal for the dropping of bombs by the Germans on open French and English towns.

Beginning with the raid on municipal area of London, May 31, in which four persons were killed, the past sixteen days have brought reports of a number of aerial attacks by both sides of all which indicate a determination to force the fighting from the clouds.

An air attack by the birdmen of one side has been followed so closely by a counter attack from the other although on a different locality that reaction is strongly indicated. For instance yesterday morning 23 aeroplanes delivered an attack upon the German city of Karlsruhe, killing 19 persons and wounding 14, and in return the German aviators on the English coast mentioned in the foregoing dispatch followed this onslaught within 24 hours.

The most important aerial engagements of the past two weeks, over the continent and England are as follows:

The aeroplanes of the allies attacked the headquarters of the German crown prince, June 3, Nijmegen, employing strong forces of artillery to this end. During the last Sunday we repulsed these attacks and made over 1,500 prisoners. Between the Dniester and the Pruthi, in the region of Czernowitz, we have withdrawn beyond our frontier."

The enemy continues his attacks on the bridge heads near Nijmegen, employing strong forces of artillery to this end. During the last Sunday we repulsed these attacks and made over 1,500 prisoners. Between the Dniester and the Pruthi, in the region of Czernowitz, we have withdrawn beyond our frontier."

attack upon the article of Eugene Zimmermann, general director of the Lokal Anzeiger in favor of efforts toward the German-American understanding.

In an article headed "German propaganda and for deliveries of weapons of Germany's enemies," Count Reventlow says the defense by German newspapers of these weapon deliveries is one of the most incredible things which has occurred during the war. He attacks Vorwärts for its approval of the Lokal Anzeiger's proposal for declaring there was no occasion for indignation at the attempt of England to starve out Germany which was held to be legitimate warfare. The count says the press of the countries opposed to Germany rejoice to learn that its own views are held and further by a portion of the German press. He argues that if the Lokal Anzeiger approves England's starvation plan it therefore disapproves of the submarine campaign.

Geneva, Switzerland, June 16. (Via Paris)—Travelers who arrived here today from Karlsruhe give the number of persons killed during the aerial attack upon that city yesterday as twelve in addition to which many persons were injured. The French aviators were killed and the other two occupants of the two aeroplanes brought down were made prisoners. Two bombs struck the pulley, destroying one wing and damaging the other. The arms factory, railway station, railway trucks and switches also were damaged. Trains from Karlsruhe are reaching Basel, six to eight hours late. The travelers who arrived here today say that when they left Karlsruhe the railway station and several houses in that city were in flames.

Paris, June 16.—The French war office this afternoon issued a statement on the progress of hostilities reading:

"British troops yesterday captured a line of German trenches to the west of La Bassée."

"Nothing of importance to report from the remainder of this front."

"An examination of some of our wounded shows that the enemy is using explosive projectiles. Heavy rains yesterday afternoon and last night have disturbed living conditions in our camps, but have tempered the heat of the last few days. The health of our troops continues to be good."

"Along the Isonzo on the line from Paderna to Montforton and to the intersection of the Monfalcone canal reconnaissance showed the precise quality of the defensive works prepared by the enemy on the Isonzo front. They include entrenchments sometimes in several lines and often masonry or in concrete reinforced by metallic sheeting and protected by a network of batteries, often placed below the earth. A very active night surveillance is exercised by the enemy, aided by searchlights and rockets with telegraph and telephonic communication."

This is the Girl who is CELESTIA sometimes called

The Goddess

THINK of Joan of Arc—pure, delicate, directed by a superb, all powerful force that led her into any danger, and you will feel the character that Anita Stewart has made of "The Goddess."

Anita Stewart has become so imbued with the spirit of "The Goddess" that she is enveloped in an atmosphere of such divine beauty and inspiration, that to gaze on her is to be lifted and completely changed yourself.

Her rendition of Gouverneur Morris' great creation will become more marvellous to you as you read his great story and follow the girl on the screen through his classic struggle with the forces of evil, meeting with earthly love and directing the world to a renaissance of beauty.

"The Goddess" is one of the most remarkable motion picture productions it has been our good fortune to secure, and we take pleasure in announcing that the film will be shown at the

summer embassy at Coblentz, L. One report, which referred to Dr. Alfred Meyer as purchasing arms here, spoke of any attempt to buy obsolete United States army rifles and said former Representative Herman Metz had conferred with former Secretary Bryan on the subject. Mr. Bryan said today he had no recollection of any such conversation with Mr. Metz. Secretary Garrison said he knew of no negotiations for the rifles and reiterated that early in the war he had announced that the United States would avoid all embarrassment by declining to sell arms to anyone.

The department will look into the question, but because it involves any violations of international law so far as officials could see today, but because of the change of double identity were substantiated, it would involve diplomatic usage and courtesy, American and Red Cross officials are inclined not to question the identity of Dr. Meyer-Gerhard. They said he came with letters of introduction and with the endorsement of the German embassy. He took away with him a certificate of identification as a delegate of the German Red Cross entitled to protection under the Geneva convention. Officials say he disguised Red Cross affairs there. Some inquiry probably may be directed to the minister from Denmark, Constantin Brum, who is said to have arranged for the passage of Meyer-Gerhard on the steamer United States.

## Changes In High School Faculty; Fullerton Succeeds Creveling As Principal; Huntsberger Leaves. Assignment Of Teachers, Salaries

At a special meeting of the school board held Tuesday afternoon Superintendent Frank Appel sprung a surprise when he recommended Prof. Clark Fullerton for principal of the high school and his appointment was unanimously confirmed by Members Nourse, Purdum, Hudson and Jackson, who were present. Mr. Fullerton succeeds Prof. J. D. Creveling, who came here in 1909 and had been principal of the school since 1912.

The fact that Prof. E. W. Huntsberger was not reappointed as a member of the high school faculty also came as a surprise. He had been identified with the faculty for the past three years and taught physics.

Prof. Creveling has a large circle of friends here who regret to see him leave the high school faculty. Mr. Fullerton, his successor, holds the position of district superintendent of schools under County Superintendent J. O. McEwen. At present he is in charge of the Normal school at Wheelersburg.

He was formerly at the head of the Lucasville school and of Frankfurt, Ross county. He resides on Robinson avenue, this city. His salary was fixed at \$1500 per year.

Other high school teachers appointed by the board and their salaries are as follows: Emily Ball, \$1,000; Emma Cranner, \$1,000; Amy Evans, \$700; Lucy Hall,

\$1,000; Ruby Williams, \$9.50, and J. P. Yeager, \$1,000.

Teachers assigned in the elementary grades and salaries fixed by the board are as follows:

Eva Amberg, \$650; Mary Anderson, \$525; Pearl Anderson, \$650; Henrietta Baker, \$325; Lucile Beloit, \$400; Mae Birch, \$650; Arena Burris, \$725; Julia Coburn, \$575; Alice Comins, \$725; Kate Comins, \$575; Gertrude Davidson, \$600; Yvonne Davidson, \$475; Anna Duwel, \$375; Gertrude Elliott, \$325; Margaret Evans, \$525; Marie Faivre, \$725; Nelle Fawn, \$650; Ruth Fowler, \$425; Ida Friel, \$425; Grace Fry, \$525; Ella Gable, \$575; Elizabeth Gatterman, \$675; E. McKown, \$725; Laura McNamara, \$525; Alice Mackintosh, \$650; Alice Maiter, \$425; Anna Merrill, \$600; Esther Moritz, \$400; Isabel Musser, \$650; Mame Musser, \$600; Lulu Newland, \$450; Julia Nickel, \$575;

Mary Onkes, \$600; Marie Pixley, \$600; Ruth Pray, \$800; Elizabeth Ricker, \$475; Mrs. N. Rideout, \$550; Elizabeth Rockwell, \$625; Maude Rockwell, \$725; Mrs. A. Ross, \$550; Edith Rye, \$700; Esther Salter, \$600; Harriet Scarff, \$900; Lorraine Schlichter, \$600; Philippine Schmitt, \$600; Ivy Shultz, \$450; Clara Simpson, \$725; Louise Small, \$575; Bessie Smith, \$600; Martha Smith, \$675; Mary Sprecher, \$425; Minnie Steady, \$400; Marcia Storek, \$425; Lucile Swissheim, \$425; Kate Vigue, \$700; Dorothy Waller, \$400; Bertha Wheeler, \$600; Ladora White, \$425; Bertha Wilhelm, \$600; Kate Williams, \$725; Philippine Yost, \$700; Mae Zinnescher, \$450; Carrie Zottmann, \$725.

A plan to promote thrift among the pupils has been taken up by the board and it will be prosecuted with vigor when school resumes in the fall. Economy will be taught in all the rooms and a plan along this line will be worked out satisfactorily by a committee composed of Superintendent Frank Appel and Will Hinzbeck, secretary of the board.

The building and repair committee will have the alley in the rear of the high school paved and repairs will be made to the north-east sidewalk.

## Reception To Pastor Commendable Affair At First Christian

Complete in every way, even to the minutest detail, the reception accorded Rev. Charles Oakley and family at the First Christian church, Tuesday night, will go down in history as one of the most successful events in the history of the church. The affair was attended by upwards of 500 people and Rev. Oakley and his splendid family were made to feel that their lot had been cast in pleasant places and that the membership of the church would do their utmost to stand by the new minister in his effort to further the cause of the church in this community.

The interior of the church was beautifully and appropriately decorated with oak leaves and daisies, and every person present was made to feel perfectly at ease. In fact the spirit of the reception was commendable in every respect, and Rev. Oakley and family accorded all the honors befitting such an occasion.

The place favors were oak leaves and daisies, the good women hitting upon the scheme that "Oakley was a daisy." The members upon arriving were greeted by the presidents of the various divisions of the Men's and Women's Union. No one was allowed to enter the church unless he or she ran the long gauntlet of hand

shakes.

Promptly at 8 o'clock C. I. Cheyney, president of the Men's Union, assumed the gavel and in a few well chosen remarks announced the various numbers on the program, which had been arranged by Mrs. James Wilson, president of the Women's Union. Needless to add that the exercises passed off without the slightest hitch or jar, and that each number was liberally applauded. The program as rendered follows:

Piano solo—Bessie Hutchison.

Cornet solo—Miss Virginia Gilbert, accompanied on the piano by Miss Frances Vallard.

Saxophone and piano duet—Ernest Foster and Clyde Thompson.

Reading—Marjorie Gerlach.

Piano solo—Carmen Oakley.

Piano duet—Flora Wilson and Amelia Jeffords.

Piano solo—Marjorie Gerlach.

Cornet solo—Paul Oakley.

Reading—Robert McCorkle.

Address of welcome—Frank W. Sheridan.

Response—Rev. Charles R. Oakley.

At the conclusion of the program, Rev. Oakley, his good wife and their bevy of eight beautiful children, five boys and three girls, ascended to the platform and were given the chautauqua salute.

The scene will long be remembered by those who were fortunate enough to be present. It was not only the real climax of the reception, but a most unusual one.

Rev. Oakley, who has fitted into the work here nicely, spoke with considerable warmth of gratitude at the splendid spirit present at the reception. He stated that he had left one of the best churches in the entire brotherhood to come to Portsmouth and that he had never regretted the step for one moment. He stated that he never pastored a liver organization and with the help of the members he expected to do great things in Portsmouth. All in all the occasion will long be remembered with fond recollections—it's a milestone in the progress of the church that will ever stand out clear and distinct.

Mrs. Lizzie Willis, of Findlay street, who was operated on at Hampstead Hospital Friday, is doing nicely.

## Ackley Leaves Sunday Party; Says 'Things Got On His Nerves' And Rhody Got All The Plums

The following dispatch has been received by the Columbus Dispatch: Philadelphia, June 15.—Bentley D. Ackley, Billy Sunday's secretary and pianist in the recent revival here and at Patterson, N. J., has resigned from the Sunday forces and announced in this city that he will expose a lot of unpleasant inside stuff of the evangelist's system which he helped to direct.

The financial side of the revival system, as it was operated here will probably be the basis of Ackley's charges.

Concerning the resignation of Mr. Ackley the Huntington-Herold-Dispatch has the following to say:

"Bentley D. Ackley, who became well known to the people of Huntington a year ago in the revival conducted here by Rev. 'Billy' Sunday, for whom he acted as secretary and pianist, has resigned from the Sunday forces, because, he says, other members of the organization, less deserving than he, have received big profits, in one instance, aggregating \$20,000 from the writing and publication of hymns, the sale of hymn books and the disposition of other privileges connected with the campaign."

"Ackley tendered his resignation to his former chief in Philadelphia."

"Some interesting disclosures are promised by Ackley concerning the inside workings of the 'Billy' Sunday system. Ackley declares that many things he had to put up with during the eight years he served as pianist and secretary to the evangelist 'got on his nerves,' but his sorest point lies in the way the financial concessions of the campaign were distributed. Ackley names Homer A. Rodenheaver, the choir master, and Fred Seibert, the tabernacle caretaker, as being the recipients of all the plums."

"Ackley composed the music for some of the most popular hymns sung at the Philadelphia and Patterson tabernacles and said his resentment began when these hymns, published and sold by Rodenheaver at a large profit, brought him only \$10 each. Rodenheaver, according to Ackley's estimates, made \$20,000 during the Philadelphia campaign, a good percentage of which was derived from the sale of hymn books."

Ackley received nothing from these sales. He says Seibert owns a ranch in the West and bought an auto after the close of the Patterson campaign. Ackley got a salary of \$75 a week of which he says Sunday only paid \$25, the remainder coming out of the tabernacle expense collections and the fund collected by the campaign committee.

"Rev. E. H. Emmett, Sunday's confidential advance agent, has also severed his relations with the evangelical entourage. The advance man, it is reported, was summarily fired by Sunday's son, George, at the close of the Patterson campaign, the reasons then given being that 'he was too independent.'"

Mr. Ackley was with the Billy Sunday party during its stay in Portsmouth and has a wide acquaintance here.

The makers of Eckman's Alternative will be pleased to send you a booklet of interest to sufferers with information about diet and fresh air. Investigate this case—2141 Singmaster Ave., Phila., Pa. 1912. Dear Sir:—For two years I was afflicted with hemorrhages of the lungs, and later I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine I had taken could alleviate. It was of this time, March, 1902, that I started taking Eckman's Alternative. In a short time my cough was gone and I was pronounced well. I cannot speak too highly for the good it has done. (Signed) EDWARD H. KLOTZ, Eckman's Alternative is most efficacious in bronchial catarrh and acute and chronic lung affections and upbuilding the system. Contains no harmful or habit-forming drugs. ## C. & O. CASES BEING HEARD

The appropriation proceedings filed in probate court several days ago by the C. & O. Northern Railroad company against several property owners in the eastern part of the county opened for hearing before Judge Beatty in probate court Wednesday morning at nine o'clock. Considerable time was consumed in securing a jury to hear the evidence in the case.

Attorneys for plaintiff and defendants stated their case to the jury at the morning session. This afternoon at one o'clock the 12 jurors, counsel and representatives of the litigants left the city in a body to view the properties in the suit, going as far as Sciotoville in a street car. Automobiles met them at Sciotoville, and they

were taken on a tour of inspection of the properties, which are located in Porter, Harrison and Madison townships. Introduction of testimony will begin at the Thursday morning session.

The land that the company seeks to appropriate for its own use it wanted for right-of-way purposes. The company has come to terms with the majority of the property owners, the five defendants, George McCook Clark, Sallis Clark Hitehook, Elizabeth Lynch, Fred V. Lynch and William Pardey being the exceptions. The value of their holdings will have to be determined by the jury.

Attorneys in the case are Bannion and Bannion for the railroad company and Milner, Miller and Seurl, and Edgar Miller for the defendants.

## MR. KEHOE ELECTED TO SUCCEED LATE MR. APPEL

Frank B. Kehoe was elected a director of the Masonic Temple company to succeed the late George M. Appel at the annual meeting of the stockholders, held Tuesday evening at the Masonic Temple. The other eight directors were re-elected, as follows: L. W. Baker, L. W. Bragdon, John Jones, W. C. Silcox, Philip M. Streich, Henry Scott, Jr., Albert Zoellner, and William F. Zottmann.

The new board will organize by electing officers at the first meeting in July, at which time a president will be chosen to succeed the late Mr. Appel, who held that office at the time of his death. John Jones, vice president, has been acting as president since

then. The other officers of the company are Henry Scott, Jr., secretary, and L. W. Baker, treasurer.

EATING BETWEEN MEALS.

Do you know that the stomach needs rest regularly and that eating between meals is a common cause of indigestion?

Do you know what happens when you eat more than you can digest? What relation biliousness has to overeating?

Do you know that when the blood gets thin the digestion becomes weak, that good digestion is impossible unless the blood is rich and red, such blood as comes from the use of Dr. Williams' Pink Pills?

These tonic pills and proper care in the diet will change dyspepsia, indigestion, draggled-out people into energetic, hungry, cheerful men and women because Dr. Williams' Pink Pills build up the blood, making the stomach able to secrete the needed digestive fluids, and strengthen the nerves that control the delicate processes of digestion.

After you begin taking Dr. Williams' Pink Pills the first sign of returning health is usually an increased appetite. Then you find that what you eat causes no distress and if you exercise a reasonable amount of care in the selection of your food you will have no more trouble.

Your own druggist sells Dr. Williams' Pink Pills and a diet book called "What to Eat and How to Eat" will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y.

## WHAT TO DO FOR ITCHING SKINS

Eczema, ringworm and other itching, burning skin eruptions are easily made worse by improper treatment. What one has to be very careful. There is one method, however, that you need not hesitate to use, even on a baby's tender skin—that is, the resinal treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinal ointment and resinal soap. This proved so remarkably successful that thousands of other physicians have been prescribing it constantly for 20 years. Resinol stops itching instantly, and almost always breaks the eruption quickly and at little cost. Resinol ointment and resinal soap can be bought at any druggist's.

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, O. Office Phone 60. Residence A-49.

Dear Miss Wise.—Some time ago you described a torpedo. Can you make a probable guess as to what a torpedo costs?

BUCK.

Torpedoes cost over \$5,000 each; consequently they are not discharged unless there is a fair chance of hitting the object aimed at. So far the vessels hit by torpedoes have been stationary or only moving slowly; but it is probable that as the crews of submarines become more expert they will be able to hit a warship occasionally when she is moving at a high speed.

Dear Miss Wise.—Some of us girls are getting up a picnic and are going to stand all the expenses. Is it perfectly proper for me to ask a young man to go with me?

MERRY PICKNICKERS.

It is proper to ask any young man who has invited you to an entertainment, but it is not correct to ask a man who is merely an acquaintance and who has never shown enough interest in you to take you anywhere.

Dear Miss Wise.—I am a young lady of 19 years and some time ago I met a young man of 21 years. Now this man uses tobacco and that is the principal thing I object to. I asked him very kindly to stop chewing any more, even if he must smoke, but he refused. So I asked him not to call any more. Just recently we were out riding. He asked if he could call again. I gave him no answer yet. What should I do? I like him, care more for him than any other man I have met.

BLUE EYES.

If you object so strongly to a tobacco user, you certainly should not marry this man, unless you feel certain that he has stopped the habit. Tell him your word is final, and that he cannot call again nor see you unless he can give up chewing. I would not ask him to forego smoking at once; perhaps later you can persuade him to give that up also.

Dear Dolly.—I read your part in the paper every night and I should appreciate it if you will help me out a little. I am 15 years old and I am acquainted with a boy of 16. We think a great deal of each other and he has asked me to go to church with him. Now my father objects, but my sister thinks it is perfectly all right. Will you please advise me what to do? I am very anxious to go with him.

MAYME.

My advice is similar to your father's. He has had many years of experience than either of your sisters has had, and it is therefore expedient for you to follow his wishes.

Dear Miss Wise.—Will white slippers be worn this summer?

LOUISE.

Yes.

Dear Dolly.—I am going with a boy three years my junior. He has been calling on me steadily for about six months. He is quite anxious to marry me, especially when I am around, because he insists upon calling me endearing names, such as "Snooky Ooks" and "Tootsy Wootsy." As he has never said that he cares for me, what does this indicate?

MABRI.

It indicates that he is rather silly.

Dear Dolly.—What is the correct thing to say when a boy thanks a girl for a dance?

BLANCHE.

She may assure him that he is welcome and that she, too, enjoyed the number.

Dear Miss Wise.—I met a young man while visiting with a friend in another city several months ago. He is a friend of my friend's husband and seems to be all right. He took me out one evening and we have been corresponding ever since I came home. When I wrote my last letter to him I invited him to come to this city to visit me, but he gave a very good excuse and said he would come some other time. Did I do all right in asking him to come and see me?

ALMA.

Yes, but I would not ask him again if I were you. Let him mention it first.

Dear Dolly.—When is the most pleasant time to take a vacation?

VACATION GIRL.

Most any time during July or August, that it is convenient for you would be all right.

Dear Dolly.—I am a blonde and would like to know what colors I should wear?

BLONDIE.

Wear light blue, pink and any delicate shade.

## SOCIETY

The many friends of Oscar Anderson and Miss Grace Louisa Skelton, both of this city, will be surprised to learn of their marriage, which took place at 9:30 o'clock Tuesday evening at the home of the officiating minister, Rev. B. D. Cartwright, pastor of the Central Presbyterian church, of Waller street.

The ceremony was solemnized in the presence of the bride's brother, Anselm Skelton, Miss Jennie Brushard, Miss Minnie Anderson, of Ashland, Ky., a cousin of the bride, groom, and Harold Rhodes. The bride looked very attractive in a becoming white serge coat suit, with a hat of white loggins.

After the ceremony the wedding party went to the home of the bride's mother, Mrs. James Skelton, on Ninth street, and from there to the home of the bridegroom's mother, Mrs. Adie Anderson, of Fifth street, where they received the congratulations of relatives. The news of the marriage spread over the city Tuesday evening, and the happy couple were kept busy until a late hour receiving the hearty congratulations of their friends.

Mr. Anderson is an employee of

the Selby Shoe Company and one of the most popular young men in the city. His bride was employed until yesterday as stenographer in the office of her brother, Attorney Anselm Skelton, in the Brushard building. Mr. Anderson is 27 and his bride 18 years of age.

For the present Mr. and Mrs. Anderson will make their home with Mr. Anderson's mother, on Fifth street, but will later go to house-keeping in the city.

St. Mary's Catholic church was beautifully decorated this morning with ferns, palms and roses, in readiness for the wedding of Miss Florence Schimpf, daughter of Mr. and Mrs. Henry Schimpf, of Logan street, and Mr. Charles Albrecht, son of Mr. and Mrs. Joseph Albrecht, of Fourteenth street. The wedding was solemnized at half-after seven o'clock. Rev. Father Gaudel officiating, with the impressive ring ceremony. The attendants were Miss Elsie Wagner and Mr. Lee Weber. Little Miss Arline Vogt, cousin of the bride, acted as flower girl. The bride was attired in a handsome gown of white crepe, the skirt finished in Venetian lace. Her veil of tulle was caught to her hair with a spray of valley lilies, and she carried a shower bouquet of bride roses and valley lilies. Her maid wore pink crepe de chine, trimmed in madame and rosebuds. She wore a pink chiffon picture hat and carried an armful of pink bridesmaid roses. The sweet little flower girl was attired in pale green tulle and carried a basket of roses, strewing the pathway of the bride with these delicate petals.

The ceremony was followed by an elegant three-course breakfast at the home of the bride's parents, where only the immediate relatives were present. The table was exquisitely adorned in pink and white roses, and this pretty color was also carried out in the refreshments. The happy couple left at noon for a ten days' visit in Pittsburgh, Pa., after which they will return to Portsmouth and make their home with the bride's parents, on Logan street. The bride wore a handsome

traveling suit of blue silk poplin, a large white hat trimmed in wings, and her gloves and shoes were of the same color as her suit.

The Friday Afternoon Kensington Club will meet Friday afternoon at the home of Mrs. Henry Ansherg, on Ninth street.

### DON'T WASH YOUR HAIR WITH SOAP

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this oil at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful of oil is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## TIMES SERVICE PATTERN 1318

1318. A simple desirable suit for Mother's boy.

Boys' Blouse Suit with trousers having straight lower edge.

This style has many practical points. It is simple, easy to develop, and very well suited to wash and woolen goods. The blouse is made with a neat closing, and finished with a wide belt that holds the small fullness at the lower edge. The sleeves are narrow tucks at the wrist. For white-linen, striped gingham, calico or seersucker, this style is especially fitted. It is also nice for serge, flannel, cheviot, velvet or corduroy. The pattern is cut in 4 sizes 3, 4, 5, and 6 years. It requires 3 1/2 yards of 27-inch material for a 4-year size.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

CAUTION—Order adult patterns by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

## PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflame the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we crumble sour to, or have heartburn, flatulence, water-brash or nausea. He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink, while it is effecting, and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

## Ball Games And Races Are Planned For Masonic Outing

Preliminary arrangements for the annual Masonic picnic, at Millbrook Park on Saturday, July 10th, were made at a meeting of the committee in charge of the affair at the Masonic Temple Tuesday evening. Discussion of probable features brought out many suggestions from the members of the committee, and it is assured that this year's picnic will be the most enjoyable in the history of Aurora Lodge.

Prominent in the list of features is the annual baseball game between the "Ivory Knobs" and the "Banc-Hendricks," also the baseball game between "Father Marons" and "Son Marons," and a game between the Boy Masons of Aurora Lodge.

Athletic contests and races for the children will be staged during

the afternoon, and prizes will be given to the winners of the events, some of which will be mirth-provoking in character.

At the close of the afternoon's sports, a big basket dinner will be served on the lawn. After dinner dancing will take place on a huge platform that will be erected on the lawn. Those who do not care for dancing will be entertained with a feature attraction, the nature of which will be kept secret until that time.

The committee appointed by the lodge to have charge of the picnic is composed of D. A. Grimes, chairman; Harry Johnson and William E. Zottman. They added to the list George L. Gableman, Henry Scott, Jr., E. W. Gableman and William M. Thomas.

### JOHN MONTAVON GETS CREDIT

To John Montavon, traveling salesman for the Tracy Shoe Company, credit is largely due for first calling attention to the unsatisfactory postal service on the N. & W. between Portsmouth and

points in West Virginia, and which have just been corrected by the railway company's mail department. Mr. Montavon found that a letter written in Portsmouth took three days for delivery to a point in West Virginia.

### WAVERLY TO LOSE LAND MARK.

Waverly is to lose one of its most ancient landmarks.

Contractor Smith and a crew of men started to work Tuesday morning removing the grudge which forms an approach to the old canal bridge on Summit street connecting the lower and upper parts of the village. The

bridge is to be torn down and a concrete arch with earth fill is to take its place. In olden times, the bridge was over the Ohio and Erie canal, which has long since passed out of existence. Mr. Smith also has the contract for macadamizing the Hillsboro-Jackson pike in the western part of Pike county.

### SARVER PLANS BIG TRIP

Milt M. Sarver, of 2202 Vinton avenue, will leave Thursday for points near Wichita and Larned, Kansas, where he has secured work with a wheat harvesting and threshing outfit. He will first work through Sedgewick, Clark, Stafford and Pottawatomie counties and then go north through Nebraska and the Dakota. Sarver has secured a place as traction engine fireman,

his engineer being a local man, who will also leave in a few days. He will take in the Panama-Pacific Exposition before returning home to complete his course in stenography with the Portsmouth College of Business, where he has been a student for the past three months. Sarver will stop for a few days on his return trip in Minneapolis, St. Paul and Chicago.

## Masons To Observe St. John's Day

St. John's Day will be observed by Aurora Lodge, No. 48, F. & A. M., with special services at Higelow M. E. church on Sunday, June 27. Rev. A. R. Connell, pastor of the church, will deliver a sermon appropriate to the day. Special music will also feature the services. It is expected that about three hundred Masons will participate in the services.

### Wants Fill Replaced

The city has called upon the N. & W. to restore the fill it displaced in laying a temporary track east of the new water works. This track was laid for the purpose of restoring some earth taken from the Ohio river bank by the Nicola Building company when installing the intake pipe.

### Found A Wheel

Officer Campbell found a bicycle at Anderson's drug store at Grant and Vinton avenue Wednesday morning at 2:10. He took it to the Mill-top engine house for safe-keeping.

### COCKROACHES IN THE KITCHEN

How to Exterminate These Pests That Spoil the Food

Nothing is more repulsive to the housewife than the sight of cockroaches crawling about the kitchen, or, still more so, the sight of their eggs, hatching and hatching. The easiest and most effective way to exterminate them is with SCOTT'S ELECTRIC PASTE, the deadly foe of rats, mice, cockroaches, water bugs and all vermin.

Get a two-ounce box of SCOTT'S Electric Paste from your druggist for twenty-five cents and use it at night as directed, and in the morning sweep up a handful of dead cockroaches. Thousands in fifteen languages in every package.

## MR. HURLEY BETTER

James P. Hurley, aged 66 years, well-known farmer and saw-mill man of McDermott, who has been dangerously ill the past few days, was reported some better Wednesday morning. His memory has failed him as to names and words, but he seems to recognize all relatives and friends. His son, James Hurley, Jr., of New Boston, is at his bedside.

## Open Air Camp

John Curry and Frank May have just completed the construction of an open air camp near Hubert Road which measures 45x10 feet. Curry, who is 75 years of age, boasts of the fact that despite his age, he is still an active carpenter. He came to Portsmouth at the time the new high school building was in course of construction, and has remained ever since, his residence being 1129 Fourteenth street. He is a veteran of the Civil War, having served four years in Company E of the 74th Ohio. He was shot in the arm at the battle of Jonesboro, Ga.

### Got Little Consolation

George King, a North End citizen, called at police headquarters Tuesday to invoke the law on some people who had neglected to pay him board and room rent. The mayor pointedly told King he had no one to blame but himself, when he accepted boarders and roomers who left only clothes for security and promised to pay after they found work in the city, and that thereby he was contributing to an undesirable condition.

## CITY ASKS FOR IMPROVEMENTS

The city sent out the following appeals Wednesday morning:  
Contractor Frank Seymour to replace slides and washouts of the Morris place terrace in Kinney lane.  
Capt. James Smith to resume active work towards completing the improvements at the Charley headquarters on Gay street, suspended after the recent tragic death of Contractor John M. Williams.  
Albert Dunn to lay a new sidewalk at his property, 518 Murray street.

Wesley Crabtree to lay a new sidewalk at his property corner of Eighth and Murray streets.  
Miss Bertha Hubbard to make minor repairs to sidewalk at her property, 1912 Robinson avenue.  
Occupants of Dwight property, Ninth street, east of Gay street, to repair hydrant and properly drain a vault.

### BROWN COAT; BLUE HAT-GONE!

David R. Phillips, Jr., reported to the police that his dark brown striped coat and blue hat were stolen from the coal house at the N. & W. terminals Tuesday night. The coat contained a Waterman fountain pen.

## MONEY FOUND IN SOCK

Jarvey Owens, of Kitt's Hill, Lawrence county, caused quite a commotion aboard a street car by his vulgar language Tuesday afternoon and took to his heels when Officer Clark appeared to arrest him. Clark succeeded in felling him with a fist blow. A pocket-book containing about \$15 was found concealed in his sock. He was soon afterward released on a \$5 bond.

## WHEAT DAMAGED

An unusually heavy rain storm which closely approached a cloud burst broke over Stockdale and vicinity Tuesday afternoon about 2 o'clock, washing corn fields and destroying the wheat crops of many farmers of that section. The damage will run into thousands.

### QUAIL IN THE CITY

## Brotherhood Heard Some Fine Reports

The German Evangelical Brotherhood met in special session Tuesday evening when Delegates from Will Daehler, and W. C. Haeblebeck gave their reports of their trip to the Ohio Federation of Brotherhoods held in Cleveland Saturday and Sunday, June 5 and 6. Daehler reported the business transacted and Mr. Haeblebeck the talks and addresses made during the meeting. Delegates from almost every brotherhood in the state were present. The reports showed that the Brotherhoods are gradually increasing in membership and are steadily gaining ground.

## SERMON ON ANGELS

"The Ministration of Angels" was the subject last night at the Gospel Tent, Gallia and Officers streets. Reference was made by Rev. Olmsted to angels, both good and bad, but he confined the

discussion to the work and influence of good angels. Paul's statement agrees with those of Daniel and John as to their number. "Ten thousand times ten thousand, and thousands of thousands," a sufficient number so every one of us has an attending angel; even the little child has its angel said the Savior while commenting on the innocence of childhood.

"Man was made a little lower than the angels," said Paul to the Hebrews, so we understand that they are a superior order of beings taking rank above man, yet greatly interested in our salvation, rejoicing when a soul is converted, and doubtless made sad at our mistakes.

David declares that "the angel of the Lord encampeth round about them that fear him and delivereth them." Daniel's experience in this promise, when he told king Darius: "My God hath sent his angel, and hath shut the lions' mouths, that they have not hurt me; for as much as before him innocence was found in me; and also before thee, O King, have I done no hurt."

The subject tonight is "What is the Gospel?"

# DEATH--DESTRUCTION, IN WAKE OF WILD SCIOTO; H. STEWART DROWNED AND BRIDGE WASHED OUT

## Seething Waters Hold Victim's Body In Merciless Grip

The emergency work forced upon the Mount Vernon Bridge Company's forces by the raging Scioto river to protect its falsework was not without fatality for Homer Stewart, aged 28 years, lost his life by drowning, shortly before noon Wednesday.

Stewart, along with John Lyons, had been left on guard while fellow workers took a respite for dinner. While standing near the Portsmouth end of the falsework with a spike pole in his hand he suddenly lost his balance and fell over backward into the water and before assistance could be extended was drowned in the seething torrent of water. All efforts to recover his body proved futile.

It was about 11:30 o'clock when Supt. Lytle noticed that the drift had quit running and as the men were tired and hungry he checked up and divided the gang, leaving only Stewart and John Lyons on guard because they boarded in the immediate vicinity. Promising to relieve them shortly, Mr. Lytle and the others went ashore. Stewart was on the lower part of about the fifth dent from the west bank of the river with spike pole in his hand while Lyons was near the Portsmouth end of the falsework with his back toward the other man. Suddenly Lyons heard a splash and turning he saw Stewart swimming through the swift current with the spike pole still in his hand. In another moment he went down, only to reappear on the surface and, seemingly, was headed straight for the oppo-

site shore. When, within about thirty feet from shore and near a three corner shaped piece of iron from the old Scioto river bridge ruins, he disappeared for the last time. It was but natural to suppose that his body would get caught in the drift that had collected behind that remaining part of the wrecked temporary bridge still standing on the west bank of the Scioto river.

Lyons, therefore, rushed up to John Swearingen's grocery and had the storekeeper call up police headquarters and suggest that the city pulmotor be rushed to the scene for use in restoring life in the event the man's body was soon recovered. Within a short time the other bridge men headed by Supt.

Lytle and Foreman Louis Fitzpatrick hurried to the opposite bank of the river and armed with poles, lines and other equipment began dragging and clearing out the drift a search of the body. They worked untiringly until almost 1:30 without finding the body and then abandoned the search, believing the unfortunate young man's body had been carried down into the Ohio river by the swift current.

Gus Jeanguenot, an aged West End citizen, was perhaps the only person who actually saw Stewart fall into the water. He said he was standing near the old bridge, looking straight at the two men standing amongst the false work. Stewart was in about the middle of the span with a spike pole in his hand when he lost his balance and fell over backward. He almost cleared the falsework before he struck the water. Mr. Jeanguenot said he was not making any apparent effort towards swimming and rather only trying to keep his head above the water or as he put it "just pawing the water." He saw him disappear three times below the surface and the last time was in his opinion only 10 feet from the shore. He said he shouted to the other men to get a skiff to go to the rescue but that the cause caused by the swift water drown-

ed his voice and the man failed to hear him.

**Several Saw The Drowning**  
Grocer John Swearingen, Harry S. Bosler, superintendent of the A. J. Martin Company, and Miss Mary Gray, stenographer for the same contracting company, were also eye-witnesses to the drowning. All were greatly affected by the sight. Although they had seen the struggling man disappear several times he was so near shore that they felt certain he would save himself.

Mrs. Vina Bond, wife of William Bond, 114 Jefferson street, and her half sister, Miss Liza Dean, a domestic at Attorney T. C. Anderson's home on Fourth street, who are cousins of the drowned man, created quite a scene by their agonizing cries as they stood on the temporary bridge approach, bemoaning his sad fate. They soon after went to Dalton Bros' grocery and called up Jasper over long distance telephone and notified the man's wife. They later sent word to his widowed mother, Mrs. Emma Stewart at Mt. Joy.

Mrs. Bond said that Stewart had spent last Sunday with his wife and stopped at her home upon his return to the city Sunday evening, since which time she had not seen him. Stewart boarded at the Marion Shively home on Scioto street.

The tragic affair cast a deep gloom over the bridge company's forces for although Stewart had been in the company's employ for only a month he had become generally liked by fellow employees and was regarded by his superiors as a valuable man.

Stewart had started work as a bridgeman when the Mt. Vernon company started the local job four weeks ago. He previously followed the occupation of a farmer. He was a native of Jasper, Pike county, the only surviving son of the late Wash Stewart, who died two years ago. A younger brother died in infancy. Following her husband's death Mrs. Stewart moved to Mt. Joy. Homer was married some years ago to Miss Allie McCoy, of Jasper, who survives him.

According to Mrs. Bond, Stewart took the job on the bridge against the wishes and advice of his mother, she expressing the fear that he would meet with an accidental death. He is said to have been a former member of the Improved Order of Red Men. He was a stockily built young man and the picture of health, according to fellow-workmen.

The timely and heroic act of Paul Esselborn of the Portsmouth Dredging and Ice Company, averted a serious collision during the city fire auto engine's run to the West End in response to the call for the pulmotor.

Mr. Esselborn was aboard an east-bound street car which had just come to a halt at Second and Chillicothe streets when he saw the auto engine coming down Second street at great speed

while another west-bound car had started to round the corner. Leaping from the street car he rushed around the front and into the middle of the street motioning the motorman of the other car to stop. He did so just in the nick of time for the next instant the auto engine shot through the narrow passage way. Had the car continued on another second a terrible

smashup would surely have resulted.

Louis H. Kelly, a bridgeman, while assisting in the search for the body, slipped on the muddy bank and his left forefinger struck against a sharp piece of steel buried in the ground, severely lacerating it. Dr. O. W. Robe later dressed his wound.

## PORTSMOUTH MAN KILLED

## Wife Charges Non-Support

Mrs. Anna Lawhorn filed an affidavit in police court Wednesday, charging her husband, W. H. Lawhorn, with non-support.

## CARD OF THANKS

We wish to thank one and all of the people of McDermott, Ohio, for all their kindness and help through the sickness and death of our husband and father.

## Big Bridge Falsework Saved And Corn Lands In No Danger

An unusually strong run-out of the Scioto river, which developed suddenly during the late hours Tuesday night destroyed the temporary county bridge at the mouth of that stream and for a time seriously threatened the iron floor system and falsework of the new permanent bridge Wednesday morning.

The whole middle section or seven 20 ft. bents of the temporary bridge, which had just been completed and opened to travel on March 31, was torn out, leaving but the two sides and these are only held in position by the guy lines attached to them.

The new permanent bridge falsework and that part of the iron bottom work it holds between the first and second piers and directly over the channel is saved.

Reports from Jasper about 10 o'clock Wednesday morning stated that all drift had passed that point.

The Ohio rose 3 ft. here from 7 a. m. to 2:45 p. m., when the stage was 15 ft. A rise of 6 1/2 ft. in the past 24 hours was reported at Gettysburg, Ky., and a rise of 6.8 ft. at Zanesville where the Muskingum river, which is pouring out a big volume of water into the Ohio, had reached a height of 16.1 ft. Nothing is coming out of the Kanawha river and unless something more shows up the Ohio should not exceed the 25 ft. mark here, which means that the low lying corn lands will escape damage.

The saving of the main bridge falsework is attributed to the foresight of Eli Lytle, the superintendent of the Mount Vernon Bridge company, and the promptness with which he put his entire force of men to work loosening and removing the logs and drift that collected behind and menaced the work.

As late as 10 o'clock Tuesday night the stream showed no signs of any run-out for it was rising at the rate of only an inch per hour but Contractor Henry Ruel, the builder and keeper of the temporary bridge, rather than take any chances kept in close touch with the situation. He arose early Wednesday and found the Scioto on a rampage. By 7 o'clock it had jumped to such a height that he felt the bridge in danger and so closed it to travel.

He guarded the west side approach while Isaac Hall was stationed at the Portsmouth end. The last person to cross was Jeff Dupre, the Union Mills rural mail carrier. His horse was unhitched and led across and the buggy was run over after him. That was about 7:30 a. m., Wednesday.

**Piling Snaps Like Matches**  
Within a few minutes later the timber that had collected towards the center by sheer force of weight and pressure snapped the piling like so many matches and the flooring of seven bents collapsed. One of the panels was carried down the Ohio river while guy lines held the others until about 9:15 when all but one panel also gave way and were swept down into the larger stream.

**Pile Driving Boat Sinks**  
The Mount Vernon Bridge company's pile driving boat sank near the west shore and the equipment is thought to have been damaged considerably.

Expert structural iron men employed on the new county bridge job dropped their regular work and turned all attention to fighting the drift. The big traveler when the doctor leaves you a prescription, we will call for, fill and deliver it at a cut rate price.

# FRENCH AIR RAID KILLS NINE AND WOUNDS 14

## TWENTY-THREE AEROPLANES ATTACK KARLSRUHE BADEN

Karlsruhe, Baden, June 16 (by wireless to London)—Nine persons were killed and 14 seriously wounded while many others were slightly injured during the attack made upon this city early yesterday morning by a fleet of French aeroplanes. The people remained calm but are incensed because of the attack upon the open town. A French statement yesterday said the attack on Karlsruhe was made by twenty-three aeroplanes which dropped 130 projectiles causing a large number of fires. It was stated a serious panic was observed at the railroad station.

## FIFTEEN DIE, 15 ARE INJURED AS ZEPPELIN VISITS ENGLAND

### MANY FIRES ARE STARTED BY RAID

London, June 16 (1 p. m.)—A Zeppelin airship visited the northeast coast of England last evening and dropped bombs. Fifteen deaths are reported from the district in question and 15 persons were wounded. Some fires were started by the projectiles from the Zeppelin but by this morning they had been overcome. This information was contained in an official announcement made in London today.

### FRENCH TORPEDO BOAT SINKS AFTER CRASH

Cherbourg, June 15—(Via Paris, June 16)—The French torpedo boat number 331 sank today after a collision with the British steamer Arden. Six of the ship's crew were drowned. The others were rescued by torpedo boat No. 337.

### Miners Union Quits Western Federation

Butte, Mont., June 16—Allegation that in the twenty years of its affiliation with the Western Federation of Miners it had contributed \$1,000,000 to the federation, for which it had not received one cent's worth of benefit, and hinting at irregularities in the handling of strike funds by federal officials, the Butte Miners' Union, an organization of the Western Federation in resolutions made public formally withdrew from the federation, repudiated the contract, which existed between the two organizations and ordered its charter returned to federation headquarters at Denver. The action is regarded as the outcome of friction between the Butte Miners' Union and the Western Federation, which culminated a year ago in the dynamiting here of Federation headquarters. Marietta, Ohio, June 16—Dr. C. C. Elson, pastor of the First Methodist Episcopal church here, died yesterday following an operation. He was a former district superintendent, and had held pastorates at Columbus, Portsmouth, Newark and Zanesville.

### SUBPOENA TEN FOR LUSITANIA CONSPIRACY PROBE IN NEW YORK

New York, June 16—Ten witnesses were under subpoena today to appear before the federal grand jury to answer the charges of conspiracy resulting from affidavits that the Lusitania was armed when she left here on her last voyage. Several of the witnesses were members of the neutrality squad attached to the office of the collector of the port. They were expected to testify that they had made a careful search of the Lusitania and found no guns on board. Josephine Weir, who swore that a steward of the Lusitania told her that the vessel was armed, was one of the prospective witnesses. There was doubt whether Thine Hardsburg, who was found in Cincinnati last week by the government agents, would testify. It was reported today that he had disappeared. It was learned today that John B. Stansfield has been engaged as counsel for Paul Konig against whom the grand jury proceedings are directed. Konig is said to be at the head of the Hamburg Line's secret service agents.

### COST OF LIVING IS HIGHER THAN EVER

Washington, June 16—Retail prices—the cost of living is higher than ever before in the United States as far as government statistics show and is increasing each year. These figures represent prices of fifteen articles aggregating approximately two-thirds of the expenditure for food by the average workingman's family. The cost of these articles in 1913 was \$333.00, making the 1914 cost \$340.58, while in 1915 it was \$280.15. Calculating these amounts as two-thirds of the workingman's family food expenditure, the total spent for food in these years would be in 1913 \$500.85, 1914 \$510.87 and 1915 \$420.20. The bureau's investigation covered prices in forty-four important industrial cities, representing 33 states. The retail price of food for the years 1907 to 1914—considering all food combined—reached the highest point in 1914, while the lowest price was 1907, the bureau of labor statistics announced today following an inquiry in forty-four important industrial cities of the country. This, however, is not true of each article. Flour, for instance, was 5.3 per cent higher in 1909 than in 1914. Sugar, which reached a remarkably high point in August, 1914, was 7.9 per cent lower for the year 1914 than for the year 1911 and was also lower for the year 1913 than for the years 1910 and 1912. All meats were higher in 1914 than in any of the seven preceding years. The figures show that the highest point during 1914 was reached in September, when the price of all food was 7.1 per cent higher than the average price for 1913 and the lowest point was reached in April when the price was 3.5 per cent lower than the average price for 1913. The price of all combined was but 2 per cent higher for the year 1914 than 1913.

**MOSCOW VOTES DRY**  
Moscow, Ohio, June 16—Moscow voted dry by 14 votes in a recent law election yesterday. The vote was dry 52, wet 28.

### ITALIAN REPORT

Rome, June 15—(Via Paris, June 16)—An elaborate system of trenching has been prepared by the Austrians along the Italian border according to an official statement signed by Gen. Cadorna, issued at the war office tonight. At some points there were several lines of trenches, some of which are built of masonry or concrete. These trenches are guarded by many mines and batteries. The communication, which describes repeated Austrian attacks in Carnia were repulsed, was as follows: "On the Tyrol Trentino we are gradually opening points. Except for distant artillery fire and new but unsuccessful attacks on June 13 against the summit of Veltour in the upper valley of the Pina (Carnice Alps) our adversary has not shown in this region any particular sign of activity. "More intense attacks have been made repeatedly by the enemy in Carnia, either near the defiles of Val Sesia, which still is strongly held by us, or especially against the rear line of Mont Avostanis, to the defile of Monte Croce. Here on the morning of June 14 the enemy made a vigorous attack preceded by an intense artillery fire which began in the night and became very violent at daybreak. The enemy was repulsed and pursued at the point of the bayonet. "Long distant artillery actions occurred also in the zone of Monte Nero on the Sileme Masi front and on the Kozlak. "Along the Isonzo on the line from Padgora to Montforton and to the intersection of the Monfalcone canal reconnaissance showed the precise quality of the defensive works prepared by the enemy on the Isonzo front. They include entrenchments sometimes in several lines and often masonry or in concrete reinforced by metallic sheeting and protected by a network of barbed wire, often placed below the earth. A very active night surveillance is exercised by the enemy, aided by searchlights and rockets with telegraph and telephonic communication. "An examination of some of our wounded shows that the enemy is using explosive projectiles. Heavy rains yesterday afternoon and last night have disturbed living conditions in our camps, but have temporarily the heat of the last few days. The health of our troops continues excellent and their spirits are high."

## DISPUTES WILL BE ARBITRATED; LINES RESUME OPERATION

Chicago, June 16—The strike of 14,000 street car men was called off shortly after 5 o'clock today. All points at issue will be settled by arbitration. Operation of cars on all lines was to be resumed as quickly as the striking men could be notified. The end of the strike, which has tied up electric transportation for two days, came with the selection of Mayor William Hale Thompson as the third member of a board of arbitration. The officials will select an arbitrator by Saturday. It was announced by W. D. Mahon, international president of the street car men's union, probably will be named to represent the men. The selection of Mayor Thompson came at the end of a fifteen-hour conference which began yesterday afternoon. Union leaders, officials of the traction line and members of the mayor's administration strike committee were in attendance. Threatened break-ups were prevented after both leaders and traction officials announced they could reach an agreement when Mayor Thompson invited the conference to take off their coats. The mayor then locked the doors of his office. "Wait a minute," called the men, "I want to tell you men how much I appreciate what you have done," he said. "I will accept the responsibility and know that it will be hard. I will do the best I can and see that a square deal is given all around." Seriousness of the board of arbitration probably will begin early next week, it was announced. The plan decided upon stipulates that all questions at issue will be heard without any advance concessions having been made. Announcement of a settlement came too late to start the cars for the rush hours early today, and the great armies of workers were obliged again to depend on the thousands of motor busses, morning trucks, ice wagons and railroad suburban trains for transportation. Officials of the traction systems telegraphed to eastern labor agencies not to employ any more men as strikebreakers. Six thousand men already had been started here, it was said. Sixteen hundred strike-breakers arrived last night and were placed under guard in lodging houses and terminals of the company.

## TO DISCUSS FORMATION OF LEAGUE OF PEACE

Philadelphia, June 16—Plans for the formation of a league of peace, which would bind the nations of the world in a pact of amity, will be discussed by distinguished men of this country at a banquet here tonight. Other sessions of the conference will be held tomorrow in Independence hall. Among those who will speak at the banquet are former President Taft, Hamilton Holt, editor of the Independence, former United States Judge George Gray of Delaware, a member of the Hague court, a former ambassador to Turkey and a member of the Hague court, and President Lowell of Harvard University. Mayor Blankenburg, of Philadelphia, will preside. Prominent men in many walks of life, who have found it impossible to attend the conference, have written the provisional committee expressing sympathy with the movement. Among those are Cardinal Gibbons, U. S. Senator John Sharp Williams, of Mississippi, and Nathan Straus, of New York.

## WOMEN USE OLD TAXATION PROTEST

New York, June 16—Many women suffragists who have forwarded checks to the city treasury in payment of taxes have inclosed with their checks protests on the historic grounds that "taxation without representation is tyranny." Some of the suffragists have used the form of protest used by the National Women's Suffrage Association which reads: "This tax is paid under protest by a woman taxpayer. If the government takes the taxes of women, it should give them the vote."

# LOYAL FANS TO BE AT MILLBROOK TOMORROW

## Local Team Is To Be Given Ovation; Charleston Plays

WELL, fans, tomorrow is the day. The day for what? Why, for you to be at the ball park, of course, and root for the home team. Portsmouth will play Charleston and plans are under way that will result in one of the biggest week-day crowd that ever saw a game in the local park. Because of the continued bad weather the management has sent out a personal appeal to 200 fans to attend the game accompanied by five friends. And they are going to do it. The trick is going to be, turned. And, if there is one day in the base ball calendar that you should be at Millbrook, that is tomorrow, Thursday, June 17. The club owners have not raised the price of admission on this day. The same old all-year-round scale of prices will prevail.

The acid test is going to be put to your loyalty tomorrow. Will you come up smiling? Of course you will. The players need your verbal encouragement and the management your loyal cheer. With the fast Charleston Senators as the attraction, headed by that prince of good fellows, Biddy Bore, the fans can rest assured that they will see a real ball game.

Play will begin at 3:30, three balls and an umpire Kane will be on hand to render the decision and to keep the players on the hon. Portsmouth has earned an enviable reputation as a minor league baseball town. Will you uphold it tomorrow?

Candidly speaking it is the one day of the season when your presence will inspire the players to renewed efforts and will encourage the club owners. Tomorrow is the day when all Portsmouth fandom will rally around one of the greatest, most resourceful and versatile ball clubs that has ever represented the river city. And don't overlook the fact that it is piloted by Ches Spencer, admitted to be one of the shrewdest players in the business. All aboard for Millbrook tomorrow.

## Nick Is Ready For Big League Plucking

Nick Carter has developed into one of the most skilled hurlers in the A. A. He has required control this season, the one thing needed to round out his pitching prowess. His work for the Cleveland Spiders has been impressive all the way and it would occasion no surprise should Nick be sent to the Cleveland Americans at any time. The big Southerner will fine sand and a maddening hook to just about ready for a leap across the foothills of the Big Show.

### NESSER WITH GREENSBORO

Frank Nesser, formerly first sacker of the Indians has changed his mind about quitting the game and has agreed to play with the Greensboro team in the Carolina Association. He joins that team at once.

## THOMPSON AFTER JOB BOOSTER DAY FOR BABES

(Lexington Herald.) Pitcher Thompson, who was formerly with the Huntington and Chillicothe teams in the Ohio State league, but who has been trying out in the Texas league the present season, arrived here yesterday and was in consultation with Ches Spencer, manager of the Chillicothe outfit. It is likely that he may catch on with the Chilly team.

## DOYLE WAS AT GAME Reds Are Blanked

(Lexington Herald.) Scout Billy Doyle was in the stand yesterday to see the game, having come over from Frankfort, where he is trying to rejuvenate the Old English with peregrine results. He was accompanied by Billy, Jr., who makes all the trips with his father on the scouting expeditions the country over.

### Jacobus Leads

The Larry Jacobus has the honor of being the best pitcher in the home camp, having won seven out of nine games pitched. Stated Pat, Test is making him close for the honor as he has won six out of eight trips to the mound. Here are the averages of the hurling staff:

Pitcher	Won	Lost	Pct.
Jacobus	7	2	.778
Test	6	2	.750
Metzger	3	3	.500
Peterson	1	4	.200

## The Mayor Is A Real Booster

Mayor Frick has developed into a real fan. He is going to attend Thursday's game between Charleston and Portsmouth and he will root for the home team. The mayor today addressed a letter to the Portsmouth Amusement company in which he regretted the fact that fans were not attending as regularly this year as in the past. The mayor said: "I am very sorry that the usual custom is not the rule at this time with reference to the Nation's most endurance game. While you at this time may feel a little discouraged, I am inclined to the thought that with the sport kept as clean and conducted by as able assistants as you have about is bound to win. Tomorrow will see many of my associates in the place set apart for attendants."

## NAILERS WIN 7 TO 2

Ironton, June 16.—The Chillicothe Babes continue their losing streak. They were beaten here by the Nailers Tuesday 7 to 2. The score:

## Dilly Bossed Club

When it comes to scoring runs you will have to hand it to Third Baseman Dillyhoof. To date he has already crossed the plate 22 times and has developed into one of the team's most valuable players. At Frankfort he bossed the club while Spencer sat on the bench and nursed an attack of pleurisy.

## Here's New Record

Fitchburg, Mass., June 16.—Kellner, first baseman of the Worcester team, had the distinction of playing through today's New England league game with Fitchburg without a putout, assist or error.

Kellner is the first first baseman in the history of organized baseball to establish such a record. Jiggs Donahue, playing with the White Sox against New York in 1905, has no putouts, but one assist was credited to him.

## Big Race Postponed

Chicago, June 16.—The following statement postponing Chicago's first 500-mile auto derby for one week was issued by the Chicago Automobile Club under whose auspices the big race was to be held at the new \$1,000,000 speedway park following a meeting at the clubhouse last night:

"Chicago is in the throes of a strike of the employees of the surface and elevated traction lines. Traffic conditions rapidly are adjusting themselves to the unprecedented upheaval. Feeling, however, that these conditions may not be normal before Saturday, June 19, we have decided that the race shall be postponed from Saturday, June 19 to Saturday, June 26 at Lexington, N. C."

"The Chicago Automobile Club."

## Big Deal Brewing

A big deal is impending in Hadland. The Times-Star of Wednesday morning says:

Good offers have been made the field for Joe Wagner and Leon Ames. It has not yet been decided whether to lease for them or not. Ames has an option contract. During the day this trade was tentatively suggested; a three-cornered deal—Archer to go to New York; Wagner to Chicago; Smith, Brainerd and Murray to the Reds. McGraw is desperately anxious to get a catcher and will give two men for one possibly even three for two. Either Clark or Whiss would suit him and if pressed he will make it Smith, Murray and Brainerd or Parrell for either.

## EDWARDS AT ROCKY MOUNT

First Baseman Jimmy Edwards, who had been a member of the Greensboro, N. C. team is now playing first base for the Rocky Mount team of the Virginia league.

Upon learning that Edwards had played with a league team longer than 31 days he was not permitted to play with Greensboro. When Ray Tyson, manager of the Rocky Mount club learned this he successfully negotiated for Edwards' services. The Carolina Association respects a rule that forbids any club from playing more than three players, who have had more than 31 days of league experience.

## TWO HURLERS ON SHELF

Lexington has a somewhat crippled hurling staff. Both Thuma and Elliott are temporarily on the shelf. Elliott strained a tendon in his pitching arm and he may not be ready to start again for many weeks. Thuma's injury to his salaried win is not so serious.

## Called On Mills

Scout Billy Doyle returned Tuesday from a visit to Lexington and Frankfort. While in the former city he called on Catcher Mills, whose broken leg is mending rapidly. Doyle found Mills in a cheerful mood and he says he will be able to return to his city in a couple of weeks. Mills' room was full of flowers Lexington fans sent him, according to Doyle.

## Ray Hancock Signs Contract

Ray Hancock, a pitcher, has affixed his signature to a Portsmouth contract and will pitch regularly for the Senators.

## Red Munson Is Let Out

Red Munson, who had been in charge of the Rehoboth Red team one of the best semi-professional teams in the west has been let out. His successor is Charley Carr, former big leaguer.

## Yancey Is A. A. In Good Shape To Finish Season Back

Hogan Yancey, one of the principal stockholders in the club and once the idol of Lexington fans in the old Blue Grass League days, returned home yesterday and was out to watch his team for the first time this season. Mr. Yancey has been in the south for his health and is greatly improved. He received many congratulations from his friends on his recovery and return—Lexington Herald.

## SPORT SALAD

(Charleston Gazette.) Devore, the big league fame, has admitted that the New-footed Nutter is the cream of the outer garden wren of the O. S. L. We know that all the time.

Boss Biddy's club corps refuses hot weather and they're giving the club the best there is in them. If any hurling staff in the league has anything on the Senators we fall to grasp it.

A move is on foot, this time to get results, too, to make a real team out of the Frankfort bunch. Old Kentucky leads in various other lines and they should have a real baseball team, too.

Three out of four from Portsmouth this week and we'll be in select company to stay.

## Must Build New Team

Those who were looking for the Giants to take a brace and get in the race are beginning to lose faith in the chances of the McGraw crowd being fact to be wobbling in all departments of the game and it looks as if McGraw will have to start building a new outfit.

## Thoma Has Drawn Release

Dayton has released outfielder Thoma, who formerly played with Mansfield and Hamilton when these towns had teams in the Ohio State league. Kyle released by Wheeling has been picked up by Dayton.

## Has Resigned

Thurold Thompson has resigned his position as clerk in J. J. Brunslett's Gallia street grocery.

## Wanted To Health

John E. Newman, a well-known feed merchant, is able to be back at his store on Gallia street, after almost a whole year's serious illness. He is almost completely restored to health.

## Husband Is Found

Officer Roy Moore succeeded in locating Charles Arthurs, whose wife at Charleston, W. Va., was worried as to his safety. Tuesday, he had prolonged his stay here in order to dispose of a houseboat.

### Lay-to for a spell and swing on this:

You'll start an old-pal-party via a pipe or a makin's cigarette quick as a flash, as soon as you realize it's a live bet to let your good money rub up against some Prince Albert tobacco. Why, it's like beating back to the bushes for old-home week, P. A.'s so friendly, so chummy-like.

You see, Prince Albert can't bite your tongue, or any other man's; nor parch throats. Because it's made by a patented process that cuts out the bite and parch and lets you hear the song of the joyous jimmy pipe and the makin's cigarette all the day long!

### PRINCE ALBERT

the national joy smoke

just hands you home-made questions like these:

Were you ever pipe-happy? Did you ever hit a brand that just pushed pleasure against your palate? The kind that sort of teased your smokeappetite for some more fire-up, then another—and so on, right to the pillow-period!

Well, that's P. A., no matter how you hook it up—pipe or cigarette. It just jams joy into your system! You nail that fact hot off the bat, because it's case-cards information! And handed out to you for personal and immediate attention as being about as real and true as you've heard since Hector was a pup!

P. A. is sold in the tippy red bag for the price of a jitney ride, 5c; tidy red tin, 10c; pound and half-pound tin humidors—and—the classy pound crystal-glass humidifier with the sponge-moistener top that's not only a joyous thing to have at home and at the office, but it keeps P. A. in the highest state of perfection.

## REPAIR THE PIKE.

The washing out of the temporary bridge over the Soloto river Wednesday morning practically shuts Portsmouth off from the West Side and from the north as the temporary roadway around the paving on the Chillicothe pike is almost impassable for either horses or machines.

In this condition of affairs the board of trade should act and act promptly in an effort to have the Chillicothe pike roadway improved so that people can come and go to do their trading in Portsmouth. Whatever money is necessary to improve the pike temporary roadway should be spent by the county commissioners and spent at once. We trust that the commissioners will rise to the emergency and that they will not hesitate to do their plain duty.

## WATCH FOR THIS STORY.

Beginning next Saturday The Times will run a serial story by Governor Morris, entitled "The Goddess". It is clever, and interesting and we hope that our readers will fully enjoy it. Our plan is to run six or seven columns of the story each Saturday. The story has been dramatized and is being presented in picture form by one of the leading film concerns in the country. By special arrangement the film for the story have been secured by Manager Mack, of the Lyric Theatre of this city, and will be presented at that popular moving-picture house.

The story will appear in The Times on Saturday evening and the Lyric will run the picture illustrating the installment on the following Monday evening. Read the story and then see the tale in pictured form.

Glad we do not live in West Virginia. That decision of the Supreme Court hanging a little matter of \$12,000,000 onto West Virginia as its share of the old time before separation debt of the state of Virginia, is going to cost each citizen of West Virginia \$10 which must be levied directly out of each citizen's pocket book. In this trying hour it is a pleasure to note that the Huntington Herald-Dispatch with its all-things in Huntington are just as Huntington would have them attitude, says that "Huntington, so far as observation taught last night, viewed the situation with commendable complacency."

The clothier observed that May did not give the palm beach suit a show for its white alley and so far June has done even worse.

The sun is rising just beyond the hills. Brisk times are unfolding among all the eastern states and it will spread.

Another of the things we cannot understand is why the small army of newshawks who sell this interesting publication on the street will call out all about murders, battles, robberies, strikes and other sensational events and yet never about a word about the brilliant literary efforts that adorn the third page of the Noon edition and the Fourth page of the last edition.

The embittered Bluefield Telegraph expresses the opinion that the day will come when the Maryland people, who saved up \$12 to get married on, will look back with regret to such opulence.

As yet no Washington correspondent has informed the bibulous outside world whether the acting secretary of state will also nominate it grape juice or something stronger.

If you wish to be real charitable you might say Mr. Bryan did it because he had a reputation to live up to—made on the chautauque circuit at \$250 per and fifty-fifty above.

James Ball Naylor, romanticist, doctor, sage and philosopher, advances the thought that the best evening ties are those that keep a man at home at night.

We'll all vote with the Anaconda Standard, that William H. Taft continues to make conspicuously good as the ablest, wisest and most popular ex-president ever elected to private life.

## THE POOR PLANTER.

There has been some mighty lugubrious talk among the G. O. P. organs of this section over the devastation of the fair sugar plantations of Hawaii and the ruin of planters in that fair land by the despoiling effect of Democratic free trade.

Representative Ralph V. Thomas, in this very connection, is submitting some most absorbing revelations concerning the junketing trip that he with other congressmen and a bunch of senators took over to the island a few months ago. He said he supposed when he agreed to go on the trip that it was a quasi public affair of the islanders, who wished congress to get an idea of the defenses and harbor improvements required for the better protection and prosperity of the possessions. He was not long arrived, however, before he "tumbled" to the interests "providing" the trip, which were nothing else than the planters. It was the old game of winning and dining on their part in an effort to secure legislative favors. The claims of rack and desolation of the great sugar growing industry, he maintains is mush and myth. Gathering statistics in an incidental way from them, while they were, as they thought ever so adroitly presenting their claims, he found the average profit to an acre of sugar was \$140. This he reckons a reasonable fair return, especially as any farmer in the states would consider himself blessed of the gods to get a return of \$25 per acre for his average crop, and he vows he will never vote to put tariff on sugar, unless it might be deemed necessary as a war measure.

We know now the how and why of all this rain. The Kaiser is to blame. A man who was in our office Tuesday, being rational and in his sound mind, said solemnly that the Kaiser started this war in Europe, that the continuous bombardment of thousands and thousands of guns by the contending armies created a great atmospheric disturbance which extended over the seas to America and thereupon the rains descended and would continue to descend until the war was over. Hence when it rains, blame the Kaiser. Satisfactory explanation, is it not?

Our ball team is going fine. It is putting up a genuine, heady game and those who love the sport will find real enjoyment in witnessing the contests. Yet somehow there is a falling off in gate receipts and an apparent lack of interest locally. This should not be. Help the team and help the town by taking in the games. But whether you go or do not go, our team will keep on hanging the Indian sign on Chillicothe and Trenton.

Editor Times—How comes it that you let such a momentous and history making event as George Keller getting a political job pass by without reference? Explain.—Excelsior Worker.

Thanks, friend, thanks for mentioning the subject. For so it from us to overlook anything in this garden spot that adds to the happiness of even our citizen and the dear Lord knows George is happy over his new job, no his new job. He has longed for it, he has lived in anticipation of it. And he has deserved it, for no one has fought, bled, insured, rained and begged harder in the cause of the dear old party than has George. As a crowning stroke of diplomacy he even bought three tickets to the got-together feed and he applauded so loudly every time the Guv was looking his way that he attracted the approving attention of that great man.

But then George is a good fellow. He will measure the oil and draw the salary as well as any other man could do it down in these parts and we are glad that he got a front seat under the plum tree. We wouldn't mind if his plum was a wee bit juicier.

May be the dove of peace doesn't know anything about rocking the boat, but still she is having a hard time in finding a steady and still place to alight.

Italy is going to give more color to the war by issuing a "Green" book telling why she did it. At that we can't say it adds much to the color scheme of the claims made.

It is "the consensus of opinion" that Roosevelt is about ready to let the Republican party return to him.

It isn't a long guess from those affidavits in the Lusitania case that Germany is maintaining an extensive spy system in this country also.

## VOTE FOR

H. H. (BERT) KAPS

Republican Candidate for Nomination of

MAYOR

Primary Tuesday, August 10.

New York, June 16.—The cabaret is doomed! It will soon drop out of the night life of the Wide White Alley. Few restaurants or cafe proprietors will value their cabaret side shows highly enough to pay the regular \$500 (theatrical license which will be asked by all who give them.

As far as the public is concerned the change will cause no acute suffering. People have had a surfeit of noise with meals. The whole country, city and town, has had all the fun there is to be had with the cabaret. Familiarity has settled it.

Orchestra and dancing will no doubt continue to be a regular part of luncheon, tea and dinner. But even in this lively town of restaurant patrons, who demand glitter and clash very few tears will be shed over the stage being banished from the dining room.

The Divine Afflatus whiffed a certain song writer in New York to begin an Ode to a Certain Party high up in the theatrical world, a film star if you please. The popularity of a motion picture serial combined with his admiration for the star brought out the song called "Flairie" My Moving Picture Queen.

The song writer got out the piece purely as a compliment—but there was another angle to the compliment. It seems that the song was so thoroughly tuneful that it has developed into one of the song hits of the season—being sung up and down Broadway. Thus the author makes a tidy little fortune in an unexpected manner.

Over at the Bronx Zoo the other day a monkey was given some whiskey as a stimulant. The drink went immediately to the animal's head and it carried on the such high jinks that the keepers were forced to lock it up in a cell by itself.

Headkeeper Bill Snyder is very much perplexed over the incident. He wonders what the alcoholic monkey would see if it has the delirium tremens—blue and green men scampering about?

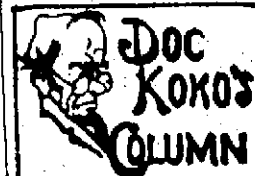

The revival of the racing season at Belmont has brought the old time race track crowds to Broadway. The red-necked, striped-shirted, and noisy suited boys who ask to see your program or borrow a pencil are back with us and one wonders where they were in the interim when racing was dead.

"No one ever heard of a race track tout going to a poor house," said a famous Broadway sportsman. Somehow they come through all vicissitudes smiling, and how much one abhors their horrendous calling, it cannot be said that they are not about the most cheerful of all specimens of mankind.

One of the new race track yarns concerns a negro roustabout who asked a man in New Orleans where the next meeting was to be held and was told Toronto.

"Is it far?"  
"Just a short distance," was the reply, and the negro jumped into a boat and started to row up stream. When about four miles away an acquaintance on the bank yelled: "Hello, Jasper, old boy." Jasper immediately turned into the shore, musing to himself: "Ah, wonder who knows me in Toronto!"

Roy L. McCordell, the humorist, has won another prize. This time it was for \$10,000 and followed his entrance into a contest for a moving picture scenario. McCordell rang the bell with one called "The Diamond in the Sky". He has picked up more than \$20,000 in prize contests in the last ten years.

in the water there is no reason why they should not give a clean show.

"Save my hair!"  
"Pardon me, lady," says Tim. "I'm a life saver, not a hair restorer."

# SCIOTO RIVER AGAIN RUNS WILD

## Temporary Bridge For Third Time Goes Down; Big Bridge Threatened

### Desperate Efforts Made To Save The Bridge Structures

An unusually strong run-out of the Scioto river, which developed suddenly during the late hours Tuesday night destroyed the temporary county bridge at the mouth of that stream and for a time seriously threatened the iron floor system and falsework of the new permanent bridge Wednesday morning.

The whole middle section or seven 20 ft. bents of the temporary bridge, which had just been completed and opened to travel on March 31st, was torn out, leaving but the two sides and these are only held in position by the guy lines attached to them.

The new permanent bridge falsework and that part of the iron bottom work it holds between the first and second piers and directly over the channel seems to be saved.

At 10 o'clock the river lacked an encouraging distance from being at the top of the bank and bottom land owners were still hopeful that it would not reach their corn. They thought much depended on what the Ohio river would do.

The saving of the main bridge of weight and pressure snapped the piling like so many matches and the floating of seven bents collapsed. One of the panels carried down the Ohio river while guy lines held the others until about 9:15 when all but one panel also gave way and were swept down into the larger stream.

**Pile Driving Boat Sinks**  
The Mount Vernon Bridge company's pile driving boat sank near the west shore and the equipment is thought to have been damaged considerably. Expert structural iron men employed on the new county bridge job dropped their regular work and turned all attention to fighting the drift. The big traveler and derricks were pressed into service, hoisting logs and trees from behind the falsework and by 3:30 o'clock confidence was expressed by Superintendent Lytle that he had the drift licked.

**Perilous Passage For Workingmen**  
West Side men employed on night shifts at the steel plant and carrying dinner pails and baskets, finding the bridge out, walked across the top of the new county bridge work and descended a ladder resting against Pier No. 2 to reach their homes. Dozens of Portsmouth people were marooned on Pop Corn point while equally as many West Siders were caught on this side with buggies and wagons.

### Got Little Consolation

George King, a North End citizen, called at police headquarters Tuesday to invoke the law on some people who had neglected to pay him board and room rent. The mayor pointedly told King he had no one to blame but himself, when he neglected boarders and roomers who left only clothes for security and promised to pay after they found work in the city, and that thereby he was contributing to an undesirable condition.

### Found A Wheel

Officer Campbell found a bicycle at Anderson's drug store at Grant and Vinton avenue Wednesday morning at 2:15. He took it to the Hill-top engine house for safekeeping.

## CITY ASKS FOR IMPROVEMENTS

The city sent out the following work at his property, 518 Murray street, Wednesday morning:

Contractor Frank Seymour to replace slides and washouts of the Heron place terrace in Kinner lane.

Capt. James Smith to resume active work towards completing the improvements at the Charity headquarters on Gay street, suspended after the recent tragic death of Contractor John M. Williams.

Albert Dunn to lay a new sidewalk at his property, 518 Murray street.

Wesley Crabtree to lay a new sidewalk at his property corner of Eighth and Murray streets.

Miss Bertha Hubbard to make minor repairs to sidewalk at her property, 1812 Robinson avenue.

Occupants of Dwight property, Ninth street, east of Gay street, to repair hydrant and properly drain a vault.

## WAVERLY TO LOSE LAND MARK.

Waverly is to lose one of its most ancient landmarks. Contractor Smith and a crew of men started to work Tuesday morning removing the grade which forms an approach to the old canal bridge on Emmitt street connecting the lower and upper parts of the village. The bridge is to be torn down and a concrete arch with earth fill is to take its place. In older times, the bridge was over the Ohio and Erie canal, which has long since passed out of existence. Mr. Smith also has the contract for magnifying the Hillsboro-Jackson pike in the western part of Pike county.

## CURE FOR TUBERCULOSIS? OHIO MAN DISPUTES IT

San Francisco, June 16.—Delegates to the convention of the National Electric Association today continued the argument begun yesterday by H. L. Henderson of Astoria, Oregon, when he stated in a paper read before the convention that he had discovered a remedy for tuberculosis, that in its application by him, resulted in the permanent cure of 95 per cent of his patients.

This statement was challenged

by Dr. E. B. Shewman, of Cincinnati, who said that he had tried the same remedy with the result that 95 per cent of his patients died. He then demanded that Dr. Henderson give the assembled physicians the benefit of his remedy.

Further discussion revealed the remedy by Dr. Henderson is produced by the combination of salicylic acid and guaiacol.

## Mr. Oscar Anderson And Miss Grace Skelton Married

The many friends of Oscar Anderson and Miss Grace Skelton, both of this city, will be surprised to learn of their marriage, which took place at 9:30 o'clock Tuesday evening at the home of the officiating minister, Rev. B. B. Cartwright, pastor of the Central Presbyterian church, of Waller street.

The ceremony was solemnized in the presence of the bride's brother, Anselm Skelton, Miss Jean Brushart, Miss Minnie Anderson, of Ashland, Ky., a cousin of the bridegroom, and Harold Rhodes. The bride looked very attractive in a becoming white serge suit, with a hat of white leghorn.

After the ceremony the wedding party went to the home of the bride's mother, Mrs. James Skelton, on Ninth street, and from there to keeping in the city.

## HELLUP! MOOGE RENIGGS, HE IS SUED FOR STOCK

L. H. Henderson was sued by The Star Publishing Company, publishers of the Morning Star, in Squire Byron's court, Tuesday, for \$100, alleged to be due upon a subscription of \$100 to the stock of that paper. Henderson refused to pay the money. Evidence was offered by Henry Cline, who solicited the stock, that Henderson subscribed for one share and later when he was approached and asked to increase his subscription, said that a mistake had been made, that he had intended to subscribe for ten shares. Accordingly, he was entered for ten. When time came for "Mooge" to walk up to the Captain's office and alleged to be charged that he renigged, refused, failed to come across, prayers and pleadings being in vain, the suit was brought. Judgment was given against Henderson by Squire Byron for \$100 and costs.

"Mooge" still does not intend to pay that hundred and it is stated that he will carry the case to the higher courts.

Commenting upon the suit, the Star says that "Mooge" has gotten a lot from the Republican party and it falls to see why he should not pay his stock assessment. As "Mooge" didn't do it peacefully, it is apparent that he will have to do it by warlike methods, judging from the action taken Tuesday.

It is said that other Republicans who subscribed for stock and who failed to pay will also be sued.

## MR. HURLEY BETTER

James P. Hurley, aged 68 years, well-known farmer and saw-mill man of McDermott, who has been dangerously ill the past few days, was reported some better Wednesday morning. His memory has failed him as to names and words, but he seems to recognize all relatives and friends. His son, James Hurley, Jr., of New Boston, is at his bedside.

## OBITUARY

**Rev. C. C. Elson**  
Rev. Dr. C. C. Elson, pastor of the First M. E. church of Marietta, died Tuesday morning following a month's illness. Several years ago Dr. Elson was located in this city. He was prominent in the ranks of Ohio Methodists.

## Open Air Camp

John Curry and Frank May have just completed the construction of an open air camp near Mabert Road which measures 40x10 feet. Curry, who is 75 years of age, boasts of the fact that despite his age, he is still an active carpenter. He came to Portsmouth at the time the new high school building was in course of construction, and has remained ever since, his residence being 1150 Fourteenth street. He is a veteran of the Civil War, having served four years in Company E of the 74th Ohio. He was shot in the arm at the battle of Jonesboro, Ga.

**New Tin Roof**  
The St. Mary's church parsonage has just been equipped with a new tin roof.
